Prussian Railroad City of Hannover Being Evacuated

Germans, Too Badly Staggered to Form Effective Line, Filling Secondary Roads in Their Retreat From Elbe

BRITISH FIGHTING INTO OUTSKIRTS OF MINDEN

By JAMES M. LONG

Paris, April 5—(P)—The Allies drove up to the Weser river today within 23 miles of the Prussian stronghold of Hannover, which the Germans appeared to be evacuating in a retreat to the Elbe river, which flows within 50 miles of Berlin.

The Weser was reached along 40 winding miles by four divisions of the U. S. Ninth Army and the British Second Army from the Pied Piper town of Hameln to a point north of historic Minden.

Allied planes struck through rain at road-jamming columns of Nazis in flight east to the Elbe, the last river before Berlin.

Hannover itself, a Prussian rail and industrial center, was imminently threatened. The Germans, still too badly staggered to form an effective line along the 240-foot-wide Weser, were filling secondary roads particularly in their run for the Elbe, which flows into the North Sea above Hamburg on the west side of the Danish peninsula.

Pilots said the traffic was heavy all the way from the Weser to well beyond Hannover and that the columns were streaming east.

Armored spearheads of the American Third Army, well out on the Napoleonic battlefields of the Thuringian plains, beat down the last 55 miles toward the Saxony rail center of Plauen, near Czechoslovakia, in a drive to bisect Germany and join the Russians. Leipzig was less than 70 miles ahead; the battlefields of Jena were almost in sight.

At Hameln, the Ninth Army was within 153 miles of Berlin and 58 of the aircraft center of Brunswick. The Third Army was less than 140 from Berlin.

The British fought into the western outskirts of Minden, 90 miles southwest of Hamburg and 47 south of the naval base of Bremen. They had made another breakthrough and swept 25 miles past Osnabrueck in a single day to reach the Weser, the next to last river before Berlin. Only the Elbe lies between the Weser and Berlin.

A dispatch from British Second Army headquarters last night said the British 11th Armored Division had crossed the Weser river northeast of Osnabrueck and plunged on beyond against light opposition. The same correspondent, however, wireless today that the 11th Armored Division "which crossed the Weser-Ems canal yesterday after capturing three bridges intact, now was seven miles northwest of Minden." The Weser curves to the northeast at Minden. There was no confirmation at supreme headquarters of the reported Weser river crossing.

Large cities toppled; more were on the verge of capture. Seized late yesterday were Kassel (217,000), Gotha (48,000), Suhl (16,000), Hengelo (40,000) and Weitzel.

The Ninth Army, sending four of its infantry divisions into a side campaign to crush in the northern side of the Ruhr box where up to 150,000 Nazis and perhaps Field Marshal Albert Kesselring are trapped fought into Soest and battled the last defenders of Hameln. They moved bare five miles from Dortmund (537,000) on two sides.

The last Germans were being beaten out of Wuerzburg (108,617) and Heilbronn (60,000) by the Seventh Army, which fought less than 34 miles from Nuernberg (431,000). The French fought beyond captured Karlsruhe to within 20 miles of Stuttgart (460,000).

The Third Army mopped up many bypassed pockets and cities left behind in its advances to within 20 miles of Berlin.

Legal papers for filing in the district court of Pittsburgh have been forwarded by the commission to the U. S. attorney's office there "but we don't know whether they have been filed yet," a commission spokesman said.

RESISTANCE ON OKINAWA IS STIFFENING

Marines on North Side of American Wedge Work Forward from Three To Five Miles

NAHA DRIVE SLOWS UP

By LEIF ERIKSSON

Guam, April 5—(P)—United States army units driving toward the Okinawa island capital of Naha have been slowed by stiffening Japanese resistance while mines on the north side of the American wedge worked forward from three to five miles virtually unopposed.

Heavy artillery and mortar fire from well organized Japanese units yesterday put the brakes on the 24th Corps drive toward Naha, limited gains on the southwestern coast to 2,000 yards, and stopped the 7th Division push on the southeast coast after an advance of only 500 yards.

The 24th Corps units were within 3,000 yards of Machinato airstrip and four miles from Naha. The southeast drive reached the vicinity of Nakagusuku after overrunning several entrenchments and fortified points.

Marine Third amphibious corps forces continued rapid extension of their northern lines for distances of from three to five miles, then took a brief respite to avoid over-extension of communications and supplies.

Yank forces now control more than 80 square miles, or one sixth of the island, and the operational timetable has had to be completely revised, Maj. Gen. Roy S. Geiger, marine commander, said today.

He envisioned stiffer fighting when army units meet Japanese forces on the southern line before Naha and the airbase, largest in the Ryukyus chain.

Wherever the Japanese choose to stand they can be hit with the greatest American artillery force ever employed in a Pacific operation.

Today's communique from Fleet Adm. Chester W. Nimitz reported "concentrations" of Japanese troops and vehicles in the southern end of Okinawa, the strategic island only 325 miles south of Japan's homeland, had been shelled by warships and bombers by carrier planes.

This was the first official report of observation of Japanese troops in any strength since the campaign began Easter morning.

Police identified those killed as: First Lieut. Frank Lonsdorf, Jr., Army Air Force, South Scranton; Lieut. William O'Connell, Merchant Marine, Scranton.

Sgt. August Rossi, Scranton. A young woman named Jane Fontana, Dunmore.

All of the dead servicemen were in their early twenties. Police said the dead were riding in Lieutenant Lonsdorf's car and he was driving toward this city. The bus was headed in the opposite direction.

Nearly a dozen passengers on the bus were hurt and taken to the Scranton State Hospital by passing motorists and police cars.

John Humphrey, New York City, operator of the bus, suffered back injuries and was taken to a hospital here.

The collision occurred on the Scranton-Pocono highway and was of such a terrific nature that all traffic was tied up. Police and ambulance arrived.

Lewis Tosses 30 Demands In Laps of Hard Coal Operators

BULLETIN

Washington, April 5—(P)—Solid Fuels Administrator Ickes said today he hoped to receive an order for government seizure of soft coal mines today. Tossing the coal situation "worse than unfortunate," Ickes said at his news conference that 13 blast furnaces of the United States Steel Corporation have shut down and that 20 more will be down by tomorrow noon. "We are headed toward a serious interruption in the production of steel," he said.

Washington, April 5—(P)—John L. Lewis, undeterred by his deadlock with bituminous coal producers, left the same contract demands with anthracite operators today, plus some new post-war objectives. They include a flat 25 per cent wage increase for the hard coal miners.

In all, the mine leader tossed 30 demands at the anthracite producers at the opening of negotiations in New York yesterday. He made 18 demands on the bituminous operators.

The New York sessions were recessed until Tuesday to permit the operators to study the demands. One was for a 10-cent-a-ton royalty for medical and "economic protection," a request that would add about \$5,500,000 to the \$60,000,000 the United Mine Workers would receive from a soft coal royalty.

While absenteeism in soft coal mines declined yesterday, it still was widespread as Lewis returned to Washington to pick up the fast-deteriorating negotiations with bituminous operators.

Few would predict that it still was possible to reach agreement on any of the soft coal demands, and many felt that today would be vital in that respect.

Failure to agree on contract negotiations would send the entire case to the War Labor Board for discussion on all of Lewis demands. Some operators thought this stage would be reached today, or at the latest by Saturday morning.

The chances are considerable that before the month is out the anthracite negotiations also will be abandoned and the War Labor Board asked to decide that case too. A strike vote among 62,000 anthracite workers is scheduled under the Smith-Connally War Labor disputes act for April 26, at Lewis's request.

Soft coal workers voted overwhelmingly March 28 to strike for their demands if necessary.

Pittsburgh, April 5—(P)—Officials of the United Mine Workers of America today redoubled their efforts to reach agreement with the coal operators.

SOVIETS POUR OVER DANUBE INTO CAPITAL

Great Tank Battles Being Fought in Suburbs of City of 1,900,000 Moscow Says

AIRFIELDS CAPTURED

By RICHARD KASISCHKE

London, April 5—(P)—The Russians have fought into "greater Vienna," the Germans reported today, and Moscow dispatches said Russian forces were pouring over the Danube between captured Bratislava and the Austrian capital to join in the assault.

The Russians were battling to encircle the capital of Austria, which Hitler incorporated into Germany in 1938. While some forces fought to draw lines to the northeast of the capital, others battled to cross the maze of rivers and railways and attack from the southwest.

Already, Moscow dispatches said, they had captured two secondary airfields, one a few miles east of Baden, and the Schwechat field just south of Vienna, while a third, Zwettlaxing, field, just southeast of the city, was under fire.

Great tank battles were being fought in the suburbs of the city of 1,900,000, Moscow said.

Although one Moscow newspaper said hard Nazis were evacuating the city, most Soviet advisers indicated that the Germans were determined to fight in Vienna as they fought in Budapest.

King Tiger tanks and numerous types of self-propelled weapons were being rushed into the battle against the Russians, Moscow reported.

Already across the Wierbach river, southeast of Vienna, the second and Third Ukrainian armies of Marshal Rodion Malinovsky and Fedor Tolbukhin fought (Turn to Page Eleven)

Cleanout Surrender Of Nazis Improbable

Washington, April 5—(P)—Gen. Dwight D. Eisenhower has informed President Roosevelt that "a clean out military surrender" of the Nazis is improbable.

In a letter to the chief executive, released by the White House today, the supreme Allied commander in Europe foresaw extensive guerrilla warfare.

He said he was hopeful of launching operations at the proper time that "should partially prevent a guerrilla control of any large area, such as the southern mountain basin."

On the basis of past performances by German armed forces, Eisenhower said it is likely that "V-E Day will come only by a proclamation on our part rather than by any definite and decisive collapse or surrender of German resistance."

AGED SUZUKI TO ORGANIZE NEW REGIME

Premier Koiso and All His Ministers Step Down Because of the Gravity of the Situation

DISASTERS MOUNTING

BULLETIN

San Francisco, April 5—(P)—Emperor Hirohito today ordered Adm. Baron Kantaro Suzuki, 77, president of the Japanese navy council, to form a new Japanese cabinet to succeed the cabinet of Premier Gen. Kuniaki Koiso which resigned this morning, said a Domei news agency broadcast from Tokyo.

London, April 5—(P)—The Japanese government of General Kuniaki Koiso fell today in the midst of the empire's grave military crisis and Emperor Hirohito called on Admiral Baron Kantaro Suzuki, 77-year-old president of the navy council, to form a new cabinet, Tokyo broadcasts announced.

Koiso and all his ministers stepped down, a communique said, "because of the gravity of the situation," a reference to the mounting series of disasters during their eight months in office which have reached a climax in the American invasion of Okinawa, on the doorstep of the homeland.

The communique, broadcast by Domei agency, said "a far more powerful administration will be formed" and the choice fell on the aged Suzuki after the emperor had consulted the elder statesmen of the empire.

Suzuki had been in semi-retirement for eight years prior to his appointment as president of the navy council last August 10.

San Francisco, April 5—(P)—Premier Gen. Koiso and the entire Japanese cabinet resigned after an emergency meeting this morning, the Tokyo home radio announced.

The broadcast, recorded by the Federal Communications Commission, said Koiso collected the resignations of all members of his cabinet and then submitted them to Emperor Hirohito.

The resignations were submitted "in view of the war situation and in order to bring a more powerful cabinet" into office, said the board of information announcement.

Koiso pledged a united national effort to bring a successful conclusion to the war when he was called to the premiership from the post of governor-general at Korea.

Growing success of the Allied military drive toward the homeland and increasing B-29 raids on Japan proper brought criticism in ever increasing volume from powerful forces within Nippon until last week a new totalitarian political party was formed to bring "sure victory."

Koiso had meanwhile reshuffled his cabinet at least four times, replacing and shifting some members and adding new persons to an advisory board.

The new political party is headed by Gen. Hiro Minami and Koiso professed to give it his support. General Minami, however, declared his group would not hesitate to criticize the government" and he accused Koiso's regime with having failed to "make the fullest preparations for all eventualities vis-a-vis foreign enemy."

School Story Hours Rapidly Being Filled

No more reservations can be taken for the 2 o'clock Pre-School Story and Picture Book period in the public library tomorrow afternoon, because the quota has been filled. But there are still some openings in the 2:30 period.

Parents are urged to get reservations for the children today if possible, although they may be made until tomorrow noon. Reservations are very simple, made merely by calling in the child's name.

It is necessary to limit the number for the small children. To be successful the Pre-school period must be kept intimate, with attention given to the individual child.

If the response fulfills the library's expectations, Mrs. Betty Archibald will continue the plan at least once a month. The children will also have an opportunity to get acquainted with the unusually fine collection of picture and easy story books the library has.

There will be special displays tomorrow afternoon and also reading lists which have been compiled for the pre-school child. Parents are encouraged to examine the fine Parents' collection, which the library has been building up the past few years.

Blue Cross Plan Given Hearing At Harrisburg

Members of Warren Clubs and similar organizations who have been made familiar with the proposed Blue Cross plan to insure for medical service as well as hospitalization will be interested in the report of the public hearing held yesterday by the Senate Public Health Committee. Dr. Gail Riddesperger has spoken on the plan before many Warren organizations and he appeared at the hearing held yesterday.

"It is the most progressive step toward adequate and full coverage of hospitalization and medical service," Dr. Donald Smelser, Germantown hospital director and president of the American hospital association, declared at the hearing before the senate public health committee last night.

Dr. C. L. Palmer, Pittsburgh, chairman of the state medical society's legislative committee, asserted in opposition that passage of the bills would create a monopoly on medical service throughout the United States.

Approximately 500 patients are issued annually to women in the United States in normal times.

Third Army Aims at Leipzig

Flanking Erfurt, American Third Army forces exploded a new drive for Leipzig, 130 miles southwest of Berlin. Patton's men drove to within 60 miles of the Czechoslovak border and 180 miles from a junction with Red Army troops to the northeast of Erfurt. Russians, meanwhile, entered Vienna, after toppling Wiener-Neustadt, 23 miles below the Austrian capital. On the northern anchor of Western Front, Montgomery's armies pressed toward the Dutch seacoast.

HUNTING TYPEWRITERS

State police of this section are on the lookout for thieves who broke into the Hickory township school building about midnight Monday and carried away seven typewriters. There were eight machines in the commercial department and one was left. The machines were Royals, Underwoods and Remingtons. A student passing the building about midnight reported hearing sounds as if some persons were in the schoolhouse.

CHECK ON ESCAPES

State Police in this city received teletype advice that four "hard faced" fellows were seen in an automobile near Erie and it was thought they were a part of the group that escaped from the Eastern Penitentiary. However, close on the heels of this report came one that four of the men had stolen a car in Chester, near Philadelphia, about an hour before. This would make it impossible for the escapees to be in this section.

Quotas Announced For The Seventh War Loan Campaign

The 7th War Loan quota for individual bond buyers in Warren county is \$1,800,000. Of this, the quota for "E" Bonds is \$1,170,000, William E. Yeager, Warren county chairman, announced today.

"Emphasis on individual sales will be maintained throughout the entire campaign, April 9th through July 7th," Mr. Yeager said. "An intensive drive for extra purchases in the Payroll Savings Division starts on the first day of the campaign and it is expected that our share of the quota will be almost achieved by cash purchases or pledges of extra deductions by May 14, when the intensified community drive will begin.

"Just as each soldier is expected to do more than his share, we must do more than our share to maintain the home front against inflation. I know that the citizens of Warren county, whose sons have brought honor to our county, will respond even more liberally than before."

"Victory on the European front seems very near at this time, but the thinking citizens of our community will realize that we still have a long, hard row to go before final victory is achieved. The Warren County War Finance Committee calls upon every member of this county to buy more War Bonds and give their neighbors the opportunity to do likewise."

The state quota for individuals is \$508,000,000, of which \$288,000,000 in "E" Bonds must be sold.

Celebration Committee To Meet Friday

All members of the Warren V-E Day committee are reminded of the meeting to be held tomorrow evening at eight o'clock on the third floor of the Moose building and it is urged that there be a large attendance.

At that time the plans as outlined last summer upon the invasion of France will be reviewed and checked with the various community chairman.

It will be recalled that the arrangements included the opening of all churches one hour after the official announcement is received in Warren, for prayer and meditation, and a community meeting in the First Methodist church at 7:30 o'clock on the evening of V-E Day with Dr. Harold Warren, of the First Presbyterian church as speaker.

Other arrangements included the assembling of all bands available three hours after the news is received, and hanging of an effigy of Hitler from a scaffold near the Warren Bank and Trust Co. building, street dancing and other organized forms of thanksgiving and joy-making.

Three Donors Give Blood Tenth Time

Three tenth donors appeared at the municipal building for the visit of the Buffalo unit of the American Red Cross Blood Bank Wednesday. They included Eldo DeLong, of the Struthers-Vol. Harry Drivas, Texas Lunch; and Bertha Latshaw, Metzger-Wright.

A total of 178 donors appeared and of these 19 were rejected, with the result that 159 pints of blood were taken. The twenty who failed to appear and the 19 who were rejected kept the committee from reaching the usual maximum donation to the bank.

There was one ninth donor, James E. McCool, of the United Refinery. Eight made the gallon club: Miss Rose Scalise and Robert Peterson, of the Sylvania Corp.; Mrs. Hazel Ludwig, Youngville; Mrs. Paul Duckett; Miss Gladys Gray, Printz Co.; Russell Hoover, Pennsylvania Ave.; Earl Burbee, Warren Axe & Tool and Mrs. Mary Houston.

There were sixteen seventh donors: Orval Kirby, Moll Co., Russell; Chester Coleman and Ralph Akers, National Forge; Miss Edna Ryberg; Mrs. Mary Milt; Mrs. Veronica Wert, Sylvania; Miss

Moose Elect New Officers At Meeting

Warren Lodge Loyal Order of Moose held their annual election of officers at a meeting held in the Moose building Wednesday evening. There was a large attendance of the members of the order in attendance and the meeting was a most interesting one. Gov. Sheridan Moore presided and Deputy Supreme Governor Frank Perotti, of Kane was also in attendance.

A. J. MacDonald was chosen as Governor of the Lodge for the coming year; George Reislund, Junior Governor; Ward Bauer, prelate; S. E. Kuhre, treasurer and Milton D. Wheeler, trustee.

Following the election Deputy Supreme Governor Perotti gave a fine address outlining the work of the Order in caring for orphaned children and the aged members of the order. He pointed to the fact that with thousands of members of the Moose in the armed services the demands upon Mooseheart will be greater during the years to come and that the "Build Tomorrow" program of the Moose is designed to provide the needed funds for enlargement of facilities.

Gust Sandstrom, chairman of the local lodge's membership drive also spoke briefly and it was given out that the class to be initiated in May will be dedicated to Sec. Walter Kiser, of the Warren Lodge who has been a tireless worker in affairs of the local lodge. It is expected that a class of at least 200 will be added to the lodge which is the largest fraternal society in the city at the present time.

Following the meeting a seafood lunch was served which was very delightful.

Heavy Rain Causes River To Rise Fast

One of the heaviest rains that has fallen over the county in many months was experienced yesterday evening and for a time the rain descended in torrents. The official U. S. Observer reports that during the past 24 hours one and six-tenths inches of water came down. This is a heavy rainfall.

The effect was seen on the streams of the county and many of the smaller runs leaped out of their banks and covered low lands in their vicinity. The Conewango Creek and Allegheny river rose rapidly and the river mounted from 7.9 feet registered yesterday morning to 10.3 feet this morning. The river was still rising at noon today.

During the night the mercury dropped rapidly and the weather report for tomorrow promises frosts and cold windy weather.

FIELD ARMY OF 300,000 WAGE FIGHT ON CANCER

American Cancer Society volunteers make bandages for needy cancer victims. Large quantities of supplies are needed by advanced patients. Society seeks \$5,000,000 and additional volunteers to fight dread disease.

By ALINE BENJAMIN
NEA Staff Correspondent

New York, April 5—Since Pearl Harbor has taken three times as many American lives as war has claimed on the battle fronts, cancer cases are on the increase despite improved medical treatment.

Cancer is responsible for more women's deaths between the ages of 35 and 55 than any other disease and is second to heart disease in the death toll of men. One out of every four women over 35 and one out of every six men over 40 will die of cancer this year. Yet 30 to 50 per cent of cancer deaths are needless says the American Cancer Society.

Doctors and hospitals to fight the disease are inadequate in number and resources. National fund-raising to combat infantile paralysis netted approximately \$6,000,000 in 1943, and tuberculosis more than \$9,000,000. In the same year the cancer drive collected approximately \$600,000. Yet cancer kills almost three times as many as polio and tuberculosis. (Per 1000 population, cancer kills 120.3; polio, 0.6; and tuberculosis 44.5).

The tragedy of the battle against cancer involves a familiar logistic phrase: "Too little, too late." Although the medical campaign is still in its early stages, information about fighting cancer far outstrips medical resources and public awareness of the progress that has been made.

"Every cancer passes through a stage when it is curable—either by surgical removal or radiation," says D. Ludwig Hektoen, world-famous president of the Board of Trustees of the Chicago Tumor Institute. With sufficient funds to set up facilities and to disseminate information, 90,000 lives could be saved each year by radium, x-ray or surgery, experts report.

A lag in government aid has been adverse factor in the fight against cancer. Congress passed legislation in 1938 setting aside April as Cancer Control Month. During this period the Field Army of the American Cancer Society—the one great national educational body—conducts an intensive nation-wide campaign, both educational and fund-raising in scope. This year the Society seeks \$5,000,000 to further cancer research and is endeavoring to enlist many more volunteers to carry on its educational and service program.

The National Cancer Act of 1937, sponsored by the society, created by the National Cancer Institute in Bethesda, Md., a Federal project supported by public funds. A National Advisory Council, which has at its disposal between \$100,000 and \$200,000 per year, was also set up. Yet today only 11 states have specific cancer legislation and only 16 make cancer reportable by law.

Forty leading scientists convened at the Roscoe B. Jackson Memorial Laboratory, Bar Harbor, Me., in September, to map out a new campaign against the disease. They set up a 14-point plan covering the problems of heredity, environment and diagnosis in cancer. Of paramount importance was a demand that cancer be made legally reportable by the Federal Bureau of Census and state health departments. Funds for a central cancer research agency were requested.

Existing institutions are insufficiently endowed to cope with the killer. Only four cancer prevention clinics are attached to recognized hospitals in the United States—two in New York, one in Chicago and one in Philadelphia. There are only 400 approved care clinics, periodically inspected and approved by the American College of Surgeons.

An estimated 480,000 persons are suffering from cancer today.

Hat-Cha

Donald Saunders poses proudly wearing one of New York Mayor LaGuardia's famous "broad-brimmed hats," which "Transport" Command's Goose Bay, Labrador base, where Donald is a worker. Topper was later auctioned off for benefit of the Red Cross.

But late cancer is like a conflagration that has gotten out of control. Just as sparks from a big blaze may light elsewhere and start another fire, so do bits of a rapidly growing cancer leave the main mass and settle in other parts of the body to start secondary cancerous growths.

"If the public could be educated to recognize first symptoms and trained to go for an examination twice a year, many cases could be caught in the early stages and cured," says Mrs. Harold Milligan, National Commander of the Field Army of the American Cancer Society.

The Field Army of some 300,000 women volunteers who work with medical men has done much to educate the public to recognize the danger signals of early cancer. Besides this educational work, they help to provide transportation to clinics, and they prepare and supply bandages and surgical dressings. Usually the quantities of bandages needed by advanced patients are far beyond the average budget.

A recent poll showed that the public is far from familiar with the simplest facts about cancer. A large percentage still believe it is contagious and incurable. Many attribute its causes to such old wives' tales as eating small peas from tin cans, gold teeth, horse bite and just elements in the air.

Actually, what causes cancer is still a mystery. For decades unsuccessful efforts have been made in laboratories to find a germ or germs responsible for cancer. It is known, however, that cancer is an uncontrolled growth of one or more cells or tissues of the body; it is not contagious. Surgery, X-ray and radium are the only treatments which have proved effective.

The utter tragedy of the situation—inadequate facilities, a paucity of funds, public ignorance and government apathy—can be no more strikingly illustrated than to point out that 70 to 80 per cent of all cancer, if caught early, is definitely curable.

In its early stages cancer—like a small fire—is usually confined to a small area and treatments are more likely to be successful.

Elks Appoint Chairman Of Manila Relief Committee

Headed by Thomas J. Wolff, past grand officer of Manila Lodge of Elks, a special committee has been set up in the Philippines capital to bring relief and assistance to recently liberated Elks interned, according to word received today by C. T. Berdine, exalted ruler of Warren, No. 223, from James R. Nicholson, chairman of the Elks War Commission, New York City.

An appropriation of \$100,000,

BARS SOON MUST POST DRINK CEILING PRICES

In preparation for the OPA mandate which will require bars and other places which serve alcoholic beverages to post ceiling prices, the District Ration Board yesterday made the following announcement:

"If you own and operate a drinking and eating establishment offering alcoholic beverages for consumption on the premises, you must, on or before April 16, 1945, have posters displayed separately for the ceiling prices, quantity in ounces and brand served.

"All proprietors or owners have been notified by the local Price and Rationing Board to prepare a list in triplicate showing all alcoholic beverages served and sent to them for approval. If no violations occur, the posters will be displayed for the benefit of the public. This request covered by Restaurant Maximum Price Regulation No. 2."

made available from the fraternal order's war chest, has been set aside for the purpose. The money will be used to purchase medicine, food and clothing, and provide loans for members of Manila Lodge and other Elks who were held prisoners by the Japs until their liberation by American forces recently.

Mr. Wolff, whose appointment has just been announced by the Elks War Commission, is a prominent Manila business man and has substantial mining interests in the Philippines.

Prior to Japanese occupation, Manila Lodge of Elks had 489 members. A large number of these men, together with other Elks in the islands at the time of the invasion, were interned.

In addition to the relief work being conducted in the Philippines under Mr. Wolff's direction, an Elks War Relief Committee has been established in San Francisco, to meet and give assistance to Elks returning to this country after their liberation from Jap internment camps.

LIBERATION OF HOLLAND

Germany's strategic positions on the western front
are being liquidated with amazing rapidity, every hour
giving fresh proof that organized Hitlerite resistance
on a major scale in that great theatre is a thing of the
past.However, there still remain big jobs for Supreme
Commander Eisenhower's forces to do, and among the
most important of these are the liberation of Holland
and the capture of the Reich's North Sea ports of
Emden and Hamburg. Indications now are that the
Boche will try to withdraw from most of Holland, but
will make a stand in the great commercial ports of
Amsterdam and Rotterdam, just as they plan to hang
onto their North Sea harbors.The point of the German resistance at these places
is the same old story of depriving the Allies of the use
of the ports and thus causing delay. That is to say,
the Germans can't strengthen their own grave position
materially, but may stave off the day of execution a bit.It is pointed out that the Germans are withdrawing,
or have withdrawn, many of their troops from Holland
already, and British forces are smashing northward
along the Ems river toward Emden to close the gap
along the Dutch-German border through which the
Nazis are escaping. Undoubtedly, the great majority
of the Nazi forces have gotten out, but the Germans
are expected to retain several divisions to make a stand
at Rotterdam and Amsterdam.The liberation of Holland is, of course, doubly im-
portant because of the plight of the unfortunate Dutch
folk, who have been reduced to terrible straits of priva-
tion. Much of their country is flooded and the food
situation is grave.

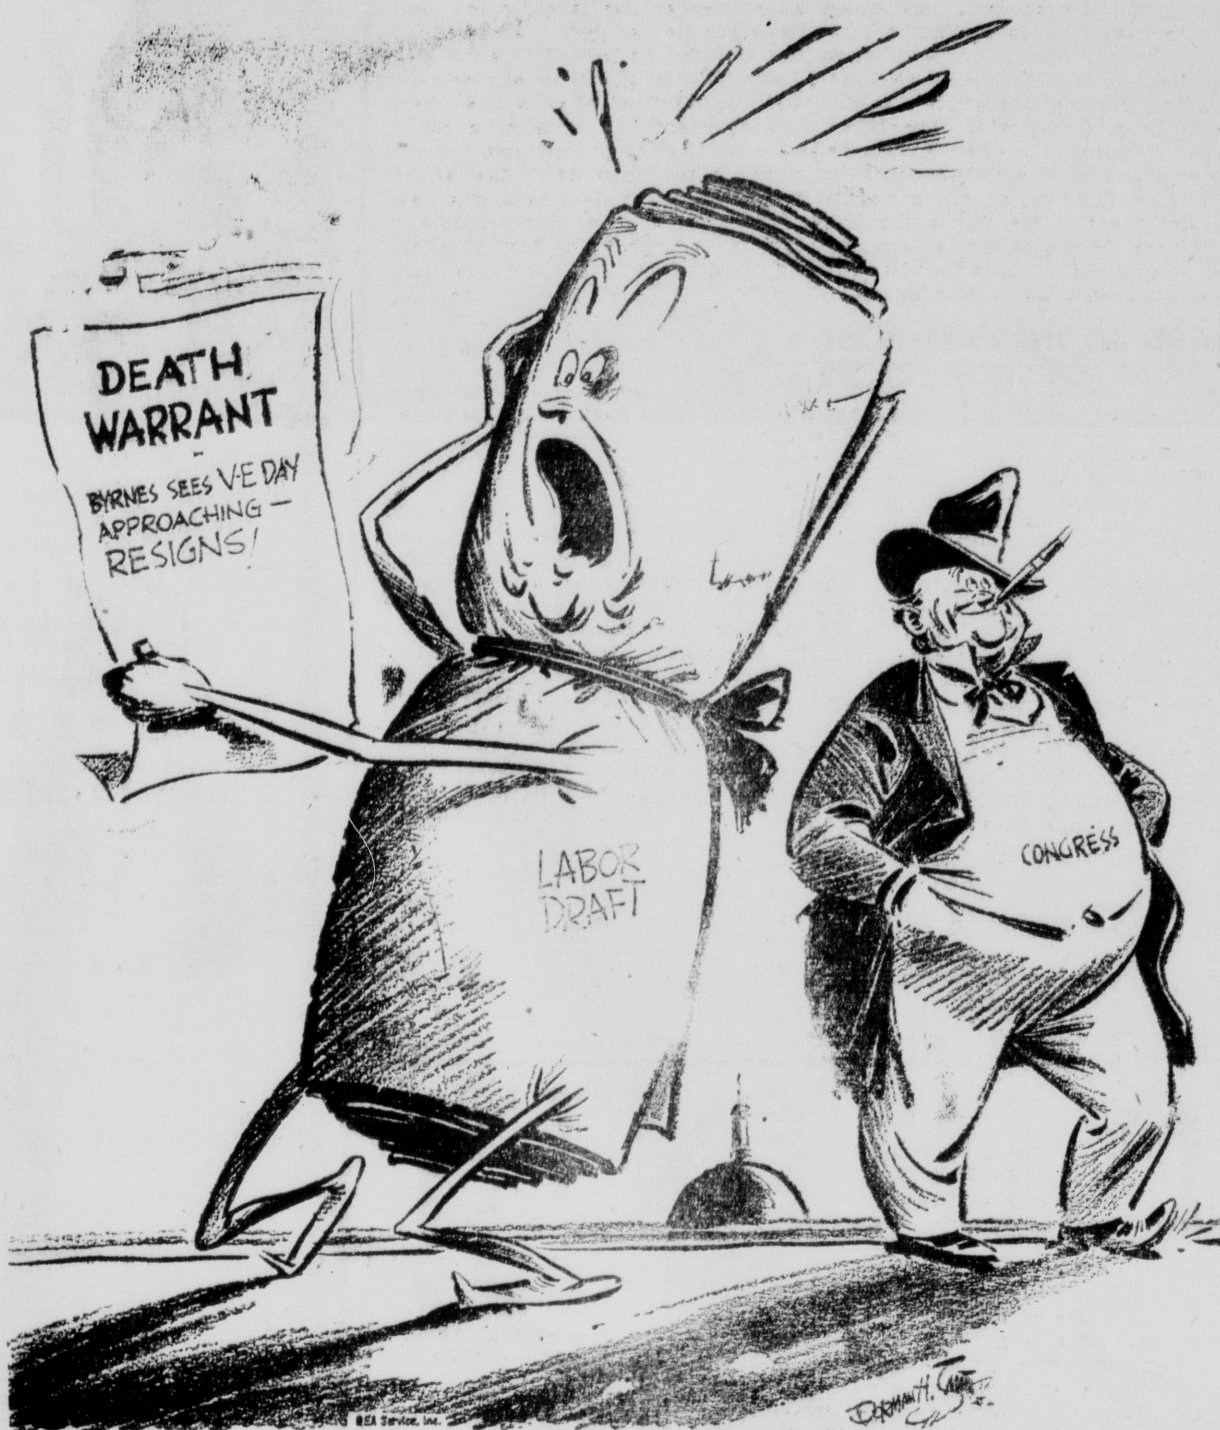

TIMELY AID IN MANILA

Barely had the whine of the last bullet died away in
the streets of Manila than the Elks War Commission,
cutting red tape in a fashion typical of the organization,
had appropriated \$100,000 from its War Fund to help
Elk members who, until the arrival of the American
forces, had been held prisoners by the Japs. The money
is being used to good advantage to provide the former
internees with food, clothing, medical attention and fi-
nancial assistance.This, to our way of thinking, is an excellent example
of practical patriotism. It isn't the amount of money
that is important but the promptness with which it was
used to get things done. It's the sort of thing that has
earned the Elks top ranking among American fraternal
war activities groups.Headed by James R. Nicholson, chairman, with
headquarters in New York City, the War Commission
of the B. P. O. Elks had its origin back in 1940 when it
was established at the Grand Lodge meeting in Hous-
ton as the Defense Commission. It is supported by the
voluntary contributions of the 650,000 Elks throughout
the United States.Among some of the many unheralded war deeds it
has undertaken has been the evacuation of children
from war zones, encouragement among folk back home
to write the men and women overseas, the recruitment
of Navy Seabees and Army construction engineers, the
collection of books for the Merchant Marine, and the
provision of 110 Centers throughout the country where
service men and women may eat, sleep, and relax. There
are more activities, all like the Manila project, function-
ing smoothly and quietly—"serving those who are serv-
ing us."Announcement that District Attorney J. A. Gold-
stein will not be a candidate for re-election to the county
office brings to mind that Mr. Goldstein has established
a unique record in this county. During his term of
office tireless work between sessions of criminal court
have so many times wiped the slate of cases clean
that the cost of grand jurors, jurors and other court
attaches at a whole session of court could be saved. It
would be interesting to know just how much money Mr.
Goldstein has saved the county by his hard work. He
has been a splendid official and fair and courteous in
all of his dealings with attorneys and public.

day. In advice regarding postwar
careers, he told a youth group to

away from the phone she sees
Edris standing here. "Are you go-
ing to him?" she asks her mother.
"I wasn't," Cynthia snaps back.
"but I will now." "If you do, I'll
kill myself," Edris cries. "You
won't," Cynthia retorts impatient-
ly, and Edris promises not to.
When Cynthia gets to the Bran-
dons, Vera opens the door for her.
She is working in the plant, too.
Carey had gotten her the job.
Cynthia is shocked at this sudden
meeting as Vera comes over and
sits on the arm of her chair.

Chapter 24

VERA leaned toward Cynthia.
"Oh, mother, won't you say
something kind to me? I know
I've disappointed you—hurt you,
too, but can't you see that maybe
I'm right? For myself, I mean?
For my own life. Am I to blame
because I didn't want the life you
offered me—the one you made?
None of us could help the way
things have happened. It's just
development—growing into some-
thing different from anything
that's been, and so it hurts while
we grow; it hurts in every bone
and muscle. Please try to see,
mother, I'm trying to make some-
thing sure for myself, a little
piece of ground to stand on so
when Chester comes back—if he
does come—"A car stopped and Carey came
legged along the little walk.
"You came!" he cried, tri-
umphant. "You did come after
all!"
"Let's go away from here," she
said wearily. "You've got a lot of
some sort, haven't you? Let's
go quickly. I'm so tired."SHE woke to a gray world of
rain and he was gone. The
place beside her in the cheap nar-
row bed was empty. How had he
managed to leave so silently
while she slept on? Why had he
gone without waking her to say
goodbye?It was damp and cold in the
small room and the rain on the
flat roof seemed bent on finding a
way in. There was a round dark
spot on the ceiling over the
bed, spreading as moisture seeps
through blotting paper.
But she had to face these little
rooms where Carey lived, therewas no escape from that. This be-
longed to her in a way, as if she
had been definitely stamped with
its ugliness. Carey's life! The life
he had chosen! What did she
know about him? He had been
her guest, her lover. She did not
know him in an environment like
this.She began to move about with
the stealthy cat-walk of a prowler.
The sitting room was even worse
than the bedroom. An unfriendly
chair covered with sleazy cre-
tione, a narrow studio couch un-
der a nubby spread and a bare
table with odds and ends of loose
papers, some of them half finished
sketches scattered over it. Just
pointless lines that meant nothing.
Carey would always hold
something back.On a little stand in a corner was
an electric percolator, a cup and
saucer and a can of coffee spread
out on a sheet of newspaper. He
had left that for her and gone out
in the rain to find his own. She
measured coffee and put some
water in the machine with her
cold hands, spilling it, and while
it was making, dressed herself
without thinking of the morning
bath that was as usual as brush-
ing her teeth.She drank black coffee by the
window looking out at sudden lit-
tle houses and at her car parked
by the curb, sodden, too. But
there was no answer there and
she turned back to the rooms,
hunting for a note, a scrap of pa-
per with writing on it that would
say for him what he hadn't said
for himself.After last night when they had
recaptured the heaven they had
lost. But he had left no sign that
he thought of her except the
empty cup.
There was a shape at the win-
dow. A woman in a cellophane
rain coat rapped on the pane and
a sharp curious face peered in.
"I live on the other side," she
said. "Mr. Winslow rents from us.
He left word he'd get back at the
noon hour if he could.""Thank you," Cynthia closed
the window and after a moment
the glister of blue cellophane was
gone.
"I can't," Cynthia whispered,
pressing her palms against her
cold face. "I can't wait—here, not
even for you, Carey."
She couldn't get out of the placequickly enough. It threatened her
like a specter overwhelming and
spoiling all that she had ever
called her own. It was what she
had hated and fought against and
conquered. Tawdriness, meanness,
pitted against the grace of living.IT was better out of doors. Far
better in the snug, soft fam-
ilarity of her coupe. The wiper
clicked cheerfully and the tires
sliced against the new white
paving of new streets.Carey didn't telephone. She pic-
tured over and over what he had
thought and done when he came
back through the gray dreary
rain and found her gone. But he
couldn't have expected her to
stay—he couldn't! There was her
own life, her business, her world.
Hectic Monday with the tag ends
of last week to fold in. She
plunged into work, determined to
forget but there it was, thin
against the surface. Miss Lee
dragged it in."Those nasty little grinning
Japs," the secretary said uneasily.
"They're just waiting for the
chance to do something terrible."
"Nonsense," Cynthia said.
"There's too much fuss about
Japan. They won't bother us.
We've got a navy, haven't we?
They're too afraid of us to do
anything terrible! Where would
they be if they tried?"
"I don't know," Miss Lee wor-
ried."Let's get on with the letters,"
Cynthia said briefly.
Then Maud began at dinner.
"Don't you think I'd better take
the children to Evanston, to
Joe?" she twittered, ruffling
gray crepe like a disturbed spar-
row. "They've got that big house.
And if anything happened—""Happened?" Cynthia was
vague, her thoughts elsewhere.
"The Japs," Maud glanced over
her shoulder. "Suppose they came
over here? Hamuri has been act-
ing so queer. He left the garden-
ing tools in the rain and was al-
most insolent when I spoke to
him.""Hamuri's got a gun," Peter
contributed. "He kept it under
the garden house and I asked
him about it and next time I
looked it was gone."
Maud quavered. "See? I do
think we'd better go to Joe's."
To be continued

"You can't mistake the flavor!"

Stray Leaves From Notebook Of Reporter About Town

'Funny how some things stand out in memory. Hank Mitchell used to be our bosom pal and when his dad, W. A. Mitchell was postmaster, playing postoffice was the real thing. Our postal department was in Mitchell's barn on Laurel street and we whittled corbs to make stamps for cancelling stamps on letters and we did a thriving business. Of course Uncle Sam never complained of our opposition but we cornered a batch of pins which were our medium of postage . . . Warren young gals evidently like this bird who aids in recruiting for the WACS. The U. S. insignia on the back of his car was literally covered with lipstick but the Sgt. bore no marks . . . Maybe he knows how to wipe off lipstick, with the back of his hand, who knows? . . .

Along with the robins, starlings and crows an' other signs of spring Henry Gettman blew into the office yesterday afternoon. Henry has been at Celoron Park for years and darned if he doesn't look like he stood the winter in good shape. He was on his way home from Bradford where he had been spreading propaganda about the coming season at Celoron. You know Henry doesn't have as many

adjectives as the late Dexter Fel-lows but he can get it across that the Celoron corner of Chautauqua Lake is the greatest amusement spot on earth. He says the new management has installed a batch of new lighting fixtures which turns night into day, has added two new riding devices and a new Fun House all over mirrors so any gal is content to be lost in there for hours. He had little to say about the big blow over the lake the other day except to claim that a 52 inch musky weighing 37½ pounds was blown onto a transformer in the park and emerged as one of the best baked fish ever tasted around the lake. Henry was always truthful.

We don't quite get this one but authorities claim that if you are out in the rain and walk rapidly you don't get as wet as if you run. . . . We Warren folks who lug our garbage out to the curb every time the garbage man is due are evidently harder folk than those at Jamestown. The garbage man up there tried to put that idea across and the Jamestown paper head-lined the story on the offer "Lug Your Garbage Idea Rejected" . . .

House Bill No. 628 introduced in this session of the Pennsylvania Legislature provides "for the issuance of free licenses to dogs honorably discharged from the Army, for as long as the dog shall live." This seems like a worthy piece of legislation, but we are intrigued by the term "honorably discharged." What would a dog have to do to get a "dishonorable discharge?" Maybe a K-9 might go to sleep when he should be on guard and instead of watching for Japs, dreams of a good old soupbone back in U. S. A. Or maybe he gets involved with some dachshund fraulein that he thought was just a little peasant dog, but which turned out to be a canine Mat-Hara. Or perhaps spring weather got the best of him, and he got tired of working and trotted "over the hill."

SOCIETY

Eastern Stars To Have 38th Birthday Event On May Day

Members of Warren Chapter, Order of Eastern Star, are looking forward to their next regular meeting, which will be a birthday party celebrating the 38th anniversary of the chapter on May Day.

Newly installed officers were in charge for the first time at the April meeting, which was followed by a very enjoyable program. Mrs. H. B. Bowersox, program chairman, presented Miss Gladys Young, vocalist, in two numbers suited to the Easter season: "There Is a Green Hill Far Away" by Alfred Wooller and "Hosanna" by Granier.

Guest speaker was Mrs. J. Herbert Cruickshank, wife of the North Warren Presbyterian minister, whose topic was "The Faith of Easter". Going back to the first Easter, she related intervening history and touched upon the manner in which Easter is celebrated in various foreign countries.

Joyce Hanson and Mary Hildum were co-chairmen for the social hour which followed, providing an attractive table setting with the use of a lighted cross and Easter lilies and asking Irma Ebs and Beulah Krebs, past matrons, to preside. Spring flowers, including lilies, daffodils and pussy willows were used in pleasing decorations of the entire room.

"Ye Olde Obery" Being Planned For YW Membership

"Ye Olde Obery" is the evening program planned for YWCA members and friends on Friday evening, April 20. It is announced following a meeting of the committee on arrangements.

Members of Mrs. W. F. Bennett's education and recreation committee met again this week to further plans for the monthly event for the membership.

The program will begin at eight o'clock and will feature various presentations in keeping with the theme of an old fashioned party. Many of the participants will appear in costume and the evening promises to be an enjoyable one.

Individual responsibilities for the April 20th event are: Program, Mrs. Grace Aberg, Mrs. Alice Yeager and Mrs. Vera Wood; decorations, Mrs. Orpha Pettit, Mrs. Evelyn Smith, Miss Sunny Lucia; refreshments, Mrs. Robert Alexander and Mrs. Irene Briggs. Tickets will go on sale the latter part of this week and there will be both adult and student rates. Proceeds of the event will go to the Program Fund.

Catholic Women Are Planning For Initiation - Dinner

Catholic Daughters of Court Warren, No. 834, held their regular meeting in the K of C. club rooms Wednesday evening and made plans for their initiation ceremonial to be held at St. Joseph's church on Sunday, April 15.

Members were asked to make their reservations for the initiation dinner no later than Thursday, April 12, by contacting Elaine Cooney, Helen Mangus or Agnes Monroe.

There was also some discussion of the annual communion breakfast, the date of which is set for May 6. Details of these plans will be announced later.

Following last night's meeting, games were enjoyed and refreshments were served by a committee headed by Elaine Pearson and Angeline Cerra.

LUDLOW

Ludlow, April 2—"Good Friday" service was held on Friday evening in Moriah Lutheran with the solemn service in use. The Rev. Hans Pearson delivered a sermon elaborated on the theme, "They Crucified Him". The choir sang an anthem, "The Wondrous Cross."

Easter Service was held at eleven o'clock in Moriah Lutheran at which Reverend Pearson gave an inspirational sermon on "Tidings of Easter" to a capacity audience. "Hosanna" by Grainer was sung by the choir.

You are reminded of the cantata, "Morn of Victory", which will be given at Moriah church next Sunday afternoon at four-thirty o'clock by the church choir directed by Mrs. Ethel Nelson. Among the soloists were, Miss Elizabeth Hess soprano, school music supervisor, John Gaynor, tenor, Mrs. L. B. Connelly, mezzo-soprano, and several duets by groups. The group will be accompanied by Mrs. E. O. Nelson. New members of the choir in the last two months are Miss Joyce Wallin, Mrs. Algot Swanson, Thomas Nelson, Keith Gilfert and Robert Johnson. Everyone is welcome.

Easter service was held in the Covenant Mission on Sunday evening with the Reverend Filbert Hyline of Kane conducting the service.

Hamilton Township schools were closed from Thursday until Tuesday for the Easter vacation. The following teachers spent the vacation at their various homes: Miss Barbara Lewellyn at Eldred, Misses Mary Matthews and Catherine Bellucci in Erie, Misses Maeie Johnson and Thelma Peiper in Corry, Miss Elizabeth Hess in State College, Mr. and Mrs. Lyell B. Car and family.

Rehearsals are scheduled to begin next week for the Senior play, "Sister Susie Swings It" with Miss Maeie Johnson as coach.

The Nation-Wide Clothing drive will begin in Ludlow next week. More detailed information will be given to each home before the collection is made. Hats are not to be collected and shoes must be of matching size and in good repair. The need is urgent for warm and whole clothing in war-torn areas. If we all share a little, there will be fewer frozen and sick throughout the world next winter. E. O. Nelson heads the Ludlow committee composed of the following: Homer Gilfert, E. W. Johnson, M. I. Jones, Ernest Carlson, Clyde

Gilfert, Bertel Carlson, Evert Johnson and Lyell B. Carr. The Ludlow Study Group was entertained on Tuesday afternoon, March 27th, at the home of Mrs. E. W. Johnson with most of the members present. The meeting was conducted by the president, Mrs. Melvin McCleary. An interesting paper concerning one of the first gas-wells drilled in this section near Sheffield was prepared and read by Mrs. Stanley Carlson. Refreshments were served by the hostess at the close of the meeting.

Mr. Andrew Baier, an employee of the Pennsylvania Gas Company for twenty years in the Ludlow office, has received a promotion to the Warren office which position he assumed on April second. He is being congratulated by all who know him.

Mrs. Charles Hoover entertained on Thursday evening at a birthday bridge-party. She had twelve guests. Prizes were awarded Mrs. Walter Cox, Mrs. L. B. Connelly and Mrs. Julius Swanson. Delicious refreshments were served

late in the evening. An out-of-town guest was her daughter, Mrs. William Hoff of Buffalo. Sgt. Okey Swanson arrived (Turn to Page Seven)

WAKE UP YOUR DIGESTION BELOW THE BELT

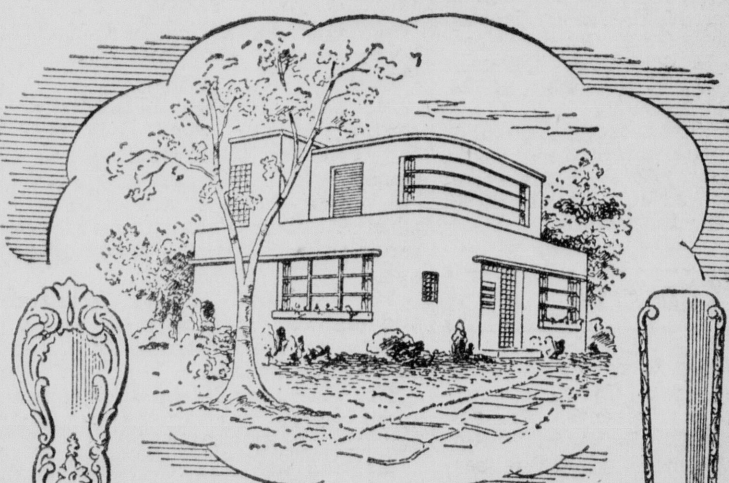

Without Stomach Relievers

To Get Happy Relief from Gassy, Bloating, Tight-around-the-Waist Misery You May Need This Kind of Laxative

When most food leaves the stomach, it is by no means fully digested. It is in the 23 feet, or more, of intestines that the greater part of digestion is done. Among the vital digestive juices that work in the intestines, the liver bile is one of the most important—especially vital to the digestion of fats. Unless the liver bile flows sufficiently, digestion of fats slows down. Food decays in bowels. You may get constipated and feel full of gassy, bloated, indigestion misery. That's when you need Bechams Pills. They help set the bile juice flowing freely, which helps you digest and eliminate in Nature's happy way. Ask your druggist for gentle, all-vegetable Bechams Pills today. Caution: Use only as directed, 25¢.

Youngsville Youth Group Wants Local Floor Show Talent

The Committee on Community Recreation has been invited by another out of town group to present one of its floor shows for a youth party, this invitation coming from Youngsville. That community had excellent response to its first party and has planned another for April 28.

At the community parties in Beaty school, an effort has been made to discover and develop talent among the Warren young people, giving them an opportunity to appear before a large group. Anyone in the teens and not over twenty-one is eligible for auditions for either the floor show or the auditorium performances. Both popular and semi-classical numbers are used.

Tomorrow at three o'clock there will be a rehearsal for the auditorium show being prepared for the Saturday night party. Ronnie Schwartz and Donnie Wood will share the master of ceremonies honors in the auditorium. The bill of acts will be announced in tomorrow's Times-Mirror, along with those for the floor show.

Acts for the floor show have been rehearsed separately; but the final rehearsal will be held on Saturday afternoon at three o'clock. Gloria Hausman, mistress of ceremonies, will preside at the ten o'clock show, in the evening.

Young people, as usual, are responding well in accepting responsibilities on committees. To care for several hundred young people requires careful planning and efficient organization. Committees included in the plan are information, checkrooms, reservations, game rooms, auditorium show, floor show, refreshments, setup, cleanup, lights, music, listening room, dance instruction, and dance committee.

The committees are changed for each party to give as large a number of young people as possible experience and a share in handling the program. The central party committee is comprised of young people, assisted by the adult supervisor, Mrs. Olive A. Huff, chairman of the Community Recreation Committee, the president of the sponsoring group, the P.T.A. Council, Mrs. Walter Mathyer; and the building supervisor, H. Lee Griffin. Robert O. Wilder is chairman of the party committee. There are also additional adult guests who assist at each party and about 150 young people who help at a community party.

Social Events

ARBUTUS AUXILIARY
There was a fine attendance for the annual thanksgiving meeting of the First Presbyterian Arbutus Auxiliary and a collection of \$229.75. Mrs. J. H. Cruickshank, of North Warren, was presented as guest speaker, giving a particularly interesting account of the work she and her husband did last summer in their tour of army camps in the Carolinas.

She stated the Presbyterian denomination is the only one which provides funds for sending civilian pastors to those camps having no regular chaplains, each church sending a pastor paying his salary and the denomination paying expenses from its War Service Fund. She spoke especially of the work done by USO centers for young wives of service men congregated near the camp areas and described in detail the church property and recreational setup in Columbus, S. C.

SHOWER GIVEN FOR EVELYN ARMSTRONG

Evelyn Armstrong, soon to be a bride, was honored guest for a miscellaneous shower given Wednesday evening by Mrs. Charles Armstrong and Mrs. Robert Amore at the latter's home, 205 East street. Prizes for a pleasant evening of games were awarded to Victor Nelson and Emma Linck, with refreshments served from a table attractively done in yellow.

Other guests were Mrs. Stuart Aberg, Mrs. Thomas Conrad, Mrs. Frank Cruickshank, Mrs. John Allen, Mrs. W. Munson, Mrs. Richard Hill and Mrs. Henry Kerlin.

APRIL MEETING OF COLLEGE CLUB

Return reservation cards for the April meeting of College Club are to be sent to Mrs. Thelma Pennington, 407 Conestoga avenue, instead of to the address printed thereon, it is announced today by the committee on arrangements. The meeting is scheduled for April 13 at the YWCA, with Dr. Gail K. Ridsperger speaking on "Trends in Socialized Medicine."

Y-DEB DINNER MEET AT Y. W. C. A. MONDAY

The Y-Deb Club will have its regular dinner-meeting Monday evening at six o'clock at the Y. W. C. A. activities building. Reservations for the dinner must be in by Saturday noon. Mrs. Harriett Wilkins will review the book, "George Washington Carver," by Shirley Graham and George Lipcomb.

MAY R. STONE CLASS

The May R. Stone class of the First Presbyterian church will meet Monday evening at 6:30 o'clock at the church for a tureen dinner.

Sgt. Rowland Earns Second Bronze Star

Sgt. Charles S. Rowland, son of Mrs. Marguerite G. Rowland, 818 1/2 Pennsylvania avenue, east, has been awarded an Oak Leaf Cluster to the Bronze Medal previously given, the new decoration recognizing heroic achievement in action on the Fifth Army front in northern Italy.

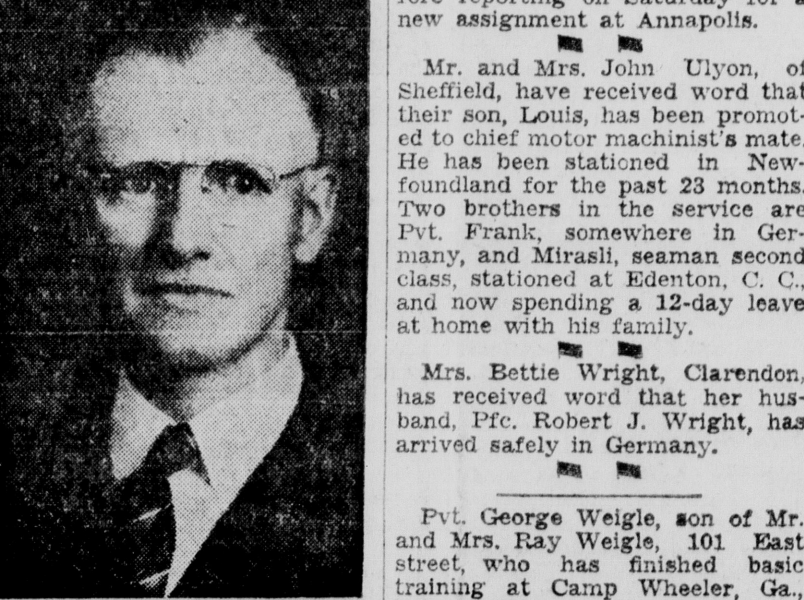

Sgt. Rowland is a member of Company C, 33th "Volverine" Regiment of the 85th "Custer" Division. News of the decoration comes in a special dispatch from the Fifth Army front, which relates that when three of his comrades were seriously wounded during an enemy mortar barrage, Sgt. Rowland made his way through the barrage and small arms fire to the wounded men. Then, with the aid of other volunteers who were inspired by his courage, he evacuated the casualties to the rear of a nearby building, where they received prompt medical attention.

Cpl. Pearson Included In Unit Citation

In addition to receiving a telephone call from their son, Cpl. Stanley L. Pearson, from Hawaii on Easter Sunday morning, Mr. and Mrs. Charles Pearson, of Russell, have received from him the Presidential Unit citation which accompanied the decoration recently given his unit, the 53th Amphibious Tractor Battalion, for its services with the Fourth Marine Division in the Pacific Area. The copy reads:

"For outstanding performance in combat during the seizure of the Japanese held islands of Saipan and Tinian in the Marianas from June 15 to August 1, 1944. Valiantly storming the mighty forti-

TIDIOUTE

Tidioute, April 3—The April missionary meeting of the Presbyterian church was held Tuesday afternoon at the home of Mrs. A. V. Clinger. The meeting was opened by the president, Mrs. Prout. Miss Laura Smutz led the devotions. The leader was Mrs. F. M. Buckingham who gave a very fine book review "Who Walk Alone," followed by a business meeting and election of officers. A dainty lunch was served by the committee.

A congregational dinner will be held in the Presbyterian church parlors April 10th. The annual meeting will follow the dinner.

SHEFFIELD NEWS

Sheffield, April 3—Considerable progress is being made by the committee headed by L. B. Jones, for the clothing collection drive for overseas relief. This needed clothing is available. Hundreds of millions of pounds of it now repose, forgotten in the attics and other storage places in American homes. The style is unused and forgotten clothing may be out-dated but it does not concern those who are in dire need of garments of any type to clothe and comfort their war-emaciated bodies.

Anything, everything usable in the form of men's, women's, boys' girls' and infants' wear and bedding will come as a gift from heaven to these millions of stricken people.

An important detail in connection with the drive is the selection of receiving depots which will be the Lincoln and Washington schools.

ROTARY

At its meeting Tuesday the Sheffield Rotary heard a most excellent talk by Doctor Leonard Rosenzweig of Warren State Hospital Staff, on the topic "Tolerance."

Orrie Borden, spoke in behalf of the Council of Defense for the

V-E Day. Guests from the Senior Class were Bill Norcross, Louise Lewis, and Sue Palumbo, and Howard M. Wadsworth of Syracuse, N. Y.

PERSONALS

Misses Edythe Curtis, Betty and Joan Silver, of Rochester, N. Y., visited over the weekend with Miss Lucille Baynes.

Everall Josephson, of Cleveland, spent the holiday with his father, John Josephson.

Miss Twila Reed of Rochester.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 1 1/2 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Youngsville Council Will Repair Bridge

Youngsville, April 4—All Council members were present Monday evening at the regular meeting of the Youngsville Council. Local traffic considerations occupied most of the evening. The bridge on Highland Avenue is to be repaired. Parking space signs are to be repainted on Youngsville streets in the near future.

No parking signs are to be erected on the East side of Church street. Several other matters came up for brief discussion but no action was taken.

ESSAY CONTEST

Essay and Poster Contests now in progress in Youngsville Schools. Brokenstraw Fish and Game Club with a view of interesting youth in Conservation are sponsoring essay contests open to Youngsville School pupils in the junior and senior high school. This conservation of natural resources is very broad. Subjects about which the pupils may write include conservation of game, fish, birds, flowers, wild life, streams and forests. In each of the grades from the seventh grade through the 12th grade an essay prize will be awarded to the essay judged to be the best in each grade. Prize winners in individual grades may contest in the grand prizes. There are two grand prizes, one for the best essay in the junior high school and the other for the best in the high school. The Brokenstraw Valley Garden Club is now sponsoring a poster prize contest which is open to pupils from the 5th through the 9th grade of school. This poster prize contests shows the interest of the Garden Club in making our borough streets clean and neat. The general subject for the poster contest is "Youngsville and Cleanest little town on the map." In this contest there is a prize and honorable mention for each grade. Poster contest closes May 11th.

Phillies' Boss Predicts Good 1945 Season

By J. HERBERT ALTSCHULL
Wilmington, Del., April 5.—(A.P.) Robert M. (Bob) Carpenter may have whiffed one when he predicted in 1944 that his Philadelphia Phillies would be a pennant contender in five years.

Joining the wartime speedup program, the Phils have already entered their bid for that flag this year.

General Manager Herb Pennock says "Naturally, I'm not predicting the Phils will finish first, second or third—but we're an improved ball club and we'll be playing to win."

He cited these reasons:

"We could easily afford to trade Al Gercheuser to the Pirates for Vince DiMaggio. Kenny Raffensberger, Vernon Kennedy, Charley Schanz, Kewpie Barrett, Whit Wyatt and the rest make up one of the finest pitching staffs in the league."

"I think DiMaggio is the best outfielder in the league. Sure he strikes out a lot. He's a free swinging hitter. Babe Ruth was the greatest slugger of all time and he was a free swinging hitter. So was Hank Greenberg."

"I'm not comparing DiMaggio with Ruth. But Vince is going to hit a lot of home runs at Shibe Park this season."

"Our young infielders, Granville and Garvin Hammer, Fred Daniels, Bitsy Mott and Ralph Callero have speed, hustle, ambition and determination. We're looking for Jimmy Floss to play a lot of first base and help settle the boys."

Veteran Gus Mancuso and Andy Seminick, up from Buffalo, probably will do most of the catching. In addition to DiMaggio, Pennock has outfielders Jimmy Waddell, Coaker Triplett, Rene Montague and Rookie Vince Dingus. Buster Adams is a holdout."

The fates of 35-year-old hurler Bill Lee and catching recruit Al Spindel are "in the hands of the draft boards," Pennock said.

TEAMMATES CALL HIM 'SLATS'...
FRUSTRATED HITTERS CALL HIM 'THE OCTOPUS'...

Hershey Bears Confident Of Home Ice Win

Hershey, April 5.—(A.P.)—The Hershey Bears hope to prove better skaters than the Cleveland Barons in the third game tonight of their playoff series for the American Hockey League title and Calder trophy.

"The boys are in fine shape," said Coach Conney Welland as the Bears arrived in Cleveland from Hershey where the team had been practicing.

"We are confident of getting the edge on home ice."

The teams play here tonight and Saturday and then return to Ohio for the fifth game.

This is the fourth time Hershey has lined up against Cleveland in extra-season games.

In 1941, the Barons defeated the Bears in the finals after Hershey came within two minutes of taking the title. The following year the Bears eliminated the Barons but lost to Indianapolis; last year the Barons dropped Hershey in the semi-finals but bowed to Buffalo.

Cleveland will play three of the league's 10 leading scorers in the third tilt: Tommy Burlington was third in the standing with 90 points; Earl Bartholme, fourth with 81 points, and Les Cunningham, fifth with 80.

Pitted against these high scorers will be a sturdy Hershey defense trio, headed by Nick Demore, who was picked as goalie on the all-star team recently named by league officials.

N. Y. Boxers Fail To Win At Chicago

Chicago, April 5.—(A.P.)—New York's Golden Gloves, who have been trying on alternate years since 1925 to win a championship in the annual Inter-City Series in Chicago's own ring, have failed again, but it wasn't the fault of the Marines and a trio of Puerto Ricans.

For the fourth time in the 18 years of the inter-city bouts, last night's battling wound up with eight victories for New York and eight for Chicago.

Of New York's eight triumphs, three were scored by three small men from San Juan, Puerto Rico. Three more were marked up by U. S. Marines from the Cherry Point, N. C., air base. Two native New Yorkers won the other two.

Cpl. Adolfo Quijano of the Marine Corps, Calif., air base, deadlocked the meet when he defeated Roland La Sterza of New York in the championship bout of the 175-pound division. His victory in a slugging match with the New Yorker climaxed a series of 10 bouts that saw six knockouts and technical knockouts.

Leonard Rumored As Head Coach

Pittsburgh, April 5.—(A.P.)—Pittsburgh sport circles buzzed today with news that James R. (Big Jim) Leonard probably will be promoted to head coach of the Pittsburgh Steelers, the official announcement to come at the National Football League meeting tomorrow at New York.

Leonard was assistant to Coach Walter Kiesling last season.

In New York, Bert Bell, co-owner of the Steelers, said he was unable to confirm reports about the coach but that his "best guess" was the job would go to Leonard.

Field & Stream To Hear Garden Talk

The Warren Field & Stream Club meeting which will be held Thursday April 12th in the Social Rooms of the Veterans of Foreign Wars should attract a large group of sportsmen. The Club has arranged to bring Mr. G. J. Stout, gardening expert from Pennsylvania State College to speak to the group and show pictures—and the result will be that the boys can raise better gardens with less work—and it naturally follows that this will give them more time for fishing.

The club members are indeed fortunate to secure Mr. Stout for this meeting. He will go into all details of gardening—plant varieties to grow, what fertilizers to use, what cover crops to plant, whether to cut out the suckers on tomatoes, whether to stake them or not. So if the boys don't get too excited when they have spaced a few worms to the surface, they should learn much from Mr. Stout which will pay off later in the summer to the benefit of their families and the victory gardening phase of the war effort.

Most likely candidates for the other two starting jobs are Al LaMacchia, Les Shirley, Earl Jones and Al Hollingsworth.

The veteran Hollingsworth and Rookie Jones are both lefthanders.

Al won five, lost seven for the Browns last year while Jones won 10, lost six for Toledo. LaMacchia won 12, lost three for the same club. Shirley won five, lost four for the champs.

Quantity is no problem among mound candidates. The Browns have 13 in camp, all with at least one year of Class Double A experience. To round out his staff, Swell has besides those already mentioned, Right-handers Johnny Miller, George Caster; Portersiders Weldon West, Sam Zoldek, Clyde Humphrey, Chuck Johnson.

Philadelphia, April 5.—(A.P.)—Penn relays officials just don't have the time to hunt up gold watches for winners of special events. Because of the scarcity of timepieces, gold track shoes will be awarded in the April 27-28 meet instead of gold watches, traditional for 50 years.

Philadelphia, April 5.—(A.P.)—The teams and members present at the banquet were: Raiders—Ray Lewis, Bill Harrington, Red Wood, Bill Grangust, Tony Morelli, Harry West; Marauders—Lou Morlock, Royce Black, Braclett Ayres, Arthur Branderburg, Howard Boyd, Francis Morris, Lloyd Shirk, Avengers—Ed Johnson, Lt. Tom Lockhart, Arnold Whisen, Chuck Cable, Chuck Koebler.

Draft Threatens New York Yanks; Etten Is 1-A, Grimes And Lindell Awaiting Call

By JACK HAND
New York, April 5.—(A.P.)—Uncle Sam continued to shape the 1945 pennant races today as threatened loss of First Baseman Nick Etten, last year's American League home run champion, struck a body blow at the hopes of the New York Yankees.

Etten's reclassification to 1-A by a Chicago draft board was hardly a surprise to Joe McCarthy. The Yank skipper had expected such tidings and planned accordingly but coming on top of similar news on Oscar Grimes and Johnny Lindell's imminent induction it may force considerable shuffling.

If Etten and Lindell go the vaunted Yankee power of bygone days will be strictly a one-man act by George Stinewiss, 4-F but also up for re-examination. If Grimes also goes, McCarthy will be up against it for a first sacker.

Emerson Roser's six shutout innings in yesterday's 3-3 victory over the Boston Red Sox must have been some comfort to marse Joe for his title chances lean heavily on the pitching staff. Roser was of little help in 1944 but could win a regular job with that kind of chucking.

Other Training Camp Items: Boston Red Sox—Joe Cronin imposed by ground covering ability of Ben Steiner shifted the rookie to shortstop. Skeeter Newsome will go to third and Jack Tobin to second.

Boston Braves—Bob Coleman having trouble finding best outfield trio of many capable performers. Arrival of Elmer Nieman sent Ballhawk Carden Gillenwater to bench.

Philadelphia Athletics—Bobo Newsom nominated self to pitch season's opener for A's against Washington. Told Connie Mack in phone call from his "personal" training camp at Hartsville, N. C. "I see by the papers where some of the boys ain't been looking so good. Well, I'll be in Baltimore Sunday to work against the Orioles."

Chicago White Sox—Opened exhibition series with 8-0 win over Detroit, rapping Art Houtteman. Les Mueller and Walter Wilson.

Volley Champs Feted at the 'Y'

Eighteen members of the volleyball league of the YMCA Business Men's Class gathered around the festive board last evening at the Y.M.C.A. to pay due honor to the champions of the volleyball league for 1945, Lewis' Raiders.

The members of the two losing teams, the Avengers and the Marauders, served the delicious and bountiful dinner and everybody pitched in and helped to clear away the dishes. A very merry time was had by all.

Lt. Tom Lockhart complimented the Raiders upon their success and presented to each member of the team two very handsome individual awards. The very beautiful awards were original creations by a group of the club members.

Ed Johnson, captain of the Avengers, gave a brief history of volleyball at the local 'Y'. He related many entertaining items that have occurred in the sport both here and elsewhere in a most interesting manner.

Lou Morlock, captain of the Marauders, complimented the champs upon their ability and drew out a few helpful suggestions as to how the game should be played.

Ray Lewis, captain of the champion Raiders, ably responded to the many compliments showered upon him and his team mates and closed with a sincere expression of their appreciation of the dinner.

Lloyd Shirk, Program Secretary, expressed his appreciation of the fine manner in which the men responded to the organization of the league and voiced a hope that next year an even better league might be organized. He also stated that the Business Men's Class would continue to meet every Monday and Wednesday afternoons from five to six thirty for at least another month and a half.

As an air to working up a wholesome appetite for the occasion, most of the members engaged in a lively three game series of volleyball before the dinner, a plan which proved to be very successful.

The teams and members present at the banquet were: Raiders—Ray Lewis, Bill Harrington, Red Wood, Bill Grangust, Tony Morelli, Harry West; Marauders—Lou Morlock, Royce Black, Braclett Ayres, Arthur Branderburg, Howard Boyd, Francis Morris, Lloyd Shirk, Avengers—Ed Johnson, Lt. Tom Lockhart, Arnold Whisen, Chuck Cable, Chuck Koebler.

Behind the Lines

Some experts see a connection between the resignation of Jimmy Byrnes as War Mobilizer and the announcement that a new baseball commissioner may be chosen within a couple of weeks. . . . When Lt. Bert Shepard, the not-so-disabled war veteran recently signed by Washington, pitched for Bisbee, Arizona, his favorite pastime was pocket billiards and he could hold his own with the town's best pool sharks.

Local football fans will remember "Battering Bill" Swanson, Jamestown High fullback in 1942-3. Swanson gave his life on the German front on March 17. . . . The Curlew, Iowa, high school girls basketball team, which reached the state final tourney in Des Moines, had to scrape the bottom of the gorilla-powder barrel to make it. The team composed of two seniors, a junior, a soph, a seventh-grader, and a sixth-grader. The coach was the school custodian—what used to be called the janitor. . . . in 58 miles of Czechoslovakia and 160 miles of Russian lines.

The cities of Eisenach (45,000) and Muhlhausen were entered. The Third Army captured 16,545 prisoners yesterday. In the past two weeks, supreme headquarters said, 280,000 Nazis have surrendered.

The British 52nd Lowland Division fought heavily to clear the Ems river town of Lingen 48 miles from an inlet of the North Sea. It appeared probable that much of German Army Group "H" in Holland had escaped the closing trap during the last four days, most of them too inclement for much flying.

BULLETIN

Paris, April 5—(P)—The Third Army advanced to within 132 miles of Berlin today in the Schlotheim area while other Allies closed up to the Weser river on a wide front 23 miles from Hannover. The Germans were retreating pell-mell toward the Elbe, which flows within 50 miles of the capital.

The Canadian First Army immovably menaced the Dutch city of Arnhem (89,000) and pressed on a broad front toward the Zuider Zee, to cut across supply routes to the V-bomb launching platforms between the Hague and Rotterdam.

Lt. Gen. George S. Patton's red hot Third Army, more than 215 miles inside Germany, spent much of its energy consolidating gains of the past 14 days, in which 63,406 prisoners have been taken by this army alone.

shoulder to shoulder against the German line along the Liesing river, which runs from west to east through the city's suburbs swinging just south of the beautiful deer park.

Zwoelfaxing, 1 1/2 miles from the city limits, was captured yesterday Moscow announced.

The pressure on Vienna was intensified from the east, meanwhile by the fall of Bratislava, Slovakian capital of 160,000 population, which was captured yesterday after a 24-hour siege by Marshal Rodion Y. Malinovsky's Second Ukrainian army.

Striking from the south, Marshal Feodor I. Tolbukhin's Third Ukrainian army seized more than 30 communities in the vicinity of Vienna, including Zwoelfaxing, just seven and a half miles from the center of the capital.

The Moscow communique said 10 towns were taken yesterday in this drive and 9,000 Germans were captured Tuesday.

The Pentagon, Arlington, Va., is the largest office structure in the world from an area standpoint. Today about 32,000 members, a number equivalent to a working personnel in a city of 100,000 persons, of the military and civilian personnel of the War Department work in this building.

Further Scarcities of Some Textiles May Be Expected

Cleveland, April 5.—(P)—Civilians may expect further scarcities of certain textiles, especially cotton knit goods, in the next three months, the Federal Bank of Cleveland said today in its monthly business review.

Shoes, men's suits and other items of wearing apparel are also destined for the "scarce list," the report said, adding:

"Behind all these restrictions in supplies lies manpower and raw material shortages which have reached the acute stage."

The review which covers activities in the Fourth Federal Reserve district, including western Pennsylvania, said the homefront squeeze is not the result of a "scarcity of goods in total, but rather the result of a deficiency in certain types of goods."

The report commented:

"It is highly doubtful that the available labor force could produce a sufficient volume of essential civilian goods—even if materials

Many Warren County 4-H Club girls will be interested in two new projects which have been added for this year. For those interested in clothing work "Perking Up the Wardrobe" has been planned. This project is planned for all girls who have had one year of clothing and includes the following topics: Beauty care for your clothes; first aid to needy garments. With the difficulty this year of securing new materials, leaders and club members will welcome this change as it will enable the into work with the clothing they now have without the purchase of much new material. Included in the work will be the making of accessories which is always of interest to girls.

Another project "It's Fun to Cook" has been designed for first year foods club members and includes the preparation of simple lunches and suppers.

Any girls interested in joining or forming a 4-H club should contact the local leader in their community or Mrs. Prendergast at the court house in Warren. Clubs will be organized next month but plans are now being made for the summer's work.

Two Warren County 4-H clubs are holding their roundups this month. The Corydon clothing club held their final meeting at the home of their leader, Mrs. Crooks, on Thursday, April 5. Mrs. Howard Magee of Stoneham assisted with the judging.

The Russell 4-H Club will hold its roundup on Tuesday evening, April 10. A program will be presented by the members to their parents and friends.

Heart, artery and kidney diseases kill more people than any other known ailments, but because of their action they are considered to be the most merciful. Cancer, while not killing as many, is the most dreaded of all diseases.

Goldstein Is Not Candidate For Reelection

District Attorney Joseph A. Goldstein will not be a candidate for reelection at the coming election and will not have his name on the primary ballot. Mr. Goldstein stated last evening that he feels that his private law practice has suffered through the fact that he has given strict attention to the county affairs and that he desires to attend to it alone.

"In making the announcement that I am not a candidate for reelection allow me to say that I greatly appreciate all of the aid given me by other attorneys at the bar and the public in general. I have endeavored to act at all times in the best interests of the county and have endeavored to give efficient service in the District Attorney's office. In this connection I desire to thank all who have so given me aid and support in the work."

Myer Kornreich, well known Warren attorney, is engaged in circulating a petition for the office and will be an active candidate for the post of District Attorney. Mr. Kornreich has been a practicing attorney in this county for several years and in preparation of his papers for consideration of the court has been meticulous. A graduate of the University of Pittsburgh and of the Dickinson Law School, Mr. Kornreich is ably prepared for the practice of law and undoubtedly will make an efficient and courteous official.

Always a Republican in politics he has been active in affairs of the party and will ask the support of the Republican voters at the June 19th, primaries in his behalf.

WESER RIVER REACHED IN ALLIED DRIVE

Jap Cabinet Resigns in Midst of War Crisis

Prussian Railroad City of Hannover Being Evacuated

Germans, Too Badly Straggled to Form Effective Line, Filling Secondary Roads In Their Retreat From Elbe

BRITISH FIGHTING INTO OUTSKIRTS OF MINDEN

By JAMES M. LONG

Paris, April 5—(P)—The Allies drove up to the Weser river today within 23 miles of the Prussian stronghold of Hannover, which the Germans appeared to be evacuating in a retreat to the Elbe river, which flows within 50 miles of Berlin.

The Weser was reached along 40 winding miles by four divisions of the U. S. Ninth Army and the British Second Army from the Pied Piper town of Hameln to a point north of historic Minden.

Allied planes struck through rain at road-jamming columns of Nazis in flight east to the Elbe, the last river before Berlin.

Hannover itself, a Prussian rail and industrial center, was imminently threatened. The Germans, still too badly straggled to form an effective line along the 240-foot-wide Weser, were filling secondary roads particularly in their run for the Elbe, which flows into the North Sea above Hamburg on the west side of the Danish peninsula.

Armored spearheads of the American Third Army, well out on the Thuringian plains, beat down the last 56 miles toward the Saxony rail center of Plauen, near Czechoslovakia, in a drive to bisect Germany and join the Russians. Leipzig was less than 70 miles ahead; the battlefields of Jena were almost in sight.

At Hameln, the Ninth Army was within 38 miles of Berlin and 58 of the aircraft center of Brunswick. The Third Army was less than 140 from Berlin.

The British fought into the western outskirts of Minden, 90 miles southwest of Hamburg and 47 south of the naval base of Brest. They had made another breakthrough and swept 23 miles past Osnabrueck in a single day to reach the Weser, the next to last river before Berlin. Only the Elbe lies between the Weser and Berlin.

A dispatch from British Second Army headquarters last night said the British 11th Armored Division had crossed the Weser river northeast of Osnabrueck and plunged on beyond against light opposition.

The same correspondent, however, wirelessly today that the 11th Armored Division "which crossed the Weser-Ems canal yesterday after capturing three bridges intact, now was seven miles northwest of Minden." The Weser curves to the northeast at Minden. There was no confirmation at supreme headquarters of the reported Weser river crossing.

Large cities toppled; more were on the verge of capture. Seized late yesterday were Kassel (217,000), Gotha (48,000), Suhl (16,000), Hengelo (40,000) and Waltpol.

The Ninth Army, sending four of its infantry divisions into a side campaign to crush in the northern side of the Ruhr box where up to 150,000 Nazis and perhaps Field Marshal Albert Kesselring, are trapped, fought into Soest and battled the last defenders of Hamm. They moved bare five miles from Dortmund (537,000) on two sides.

The last Germans were being beaten out of Wuerzburg (108,617) and Heilbronn (60,000) by the Seventh Army, which fought less than 34 miles from Nuernberg (431,000). The French fought beyond captured Karlsruhe to within 20 miles of Stuttgart (460,000).

The Third Army mopped up many bypassed pockets and cities left behind in its advances to within (Turn to Page Eleven)

"Since that time the situation has radically changed," the note said, "Germany attacked the U. S. S. R. and Japan—Germany's ally—helps the latter in her war against the U. S. S. R."

(Turn to Page Eleven)

The Soviet note emphasized at the outset that "the pact of neutrality between the Soviet Union and Japan was concluded on April 13, 1941—that is before the attack by Germany on the U. S. S. R., and before the outbreak of war between Japan on the one hand and Great Britain and the United States on the other."

"The pact was signed in April, 1941, and whether Russia would denounce it before the opening of the World Security Conference at San Francisco April 25 had been a subject of speculation."

RESISTANCE ON OKINAWA IS STIFFENING

Marines on North Side of American Wedge Work Forward from Three to Five Miles

NAHA DRIVE SLOWS UP

By LEIF ERICKSON

Guam, April 5—(P)—United States army units driving toward the Okinawa island capital of Naha have been slowed by stiffening Japanese resistance while Marines on the north side of the American wedge worked forward from three to five miles virtually unopposed.

Heavy artillery and mortar fire from well organized Japanese units yesterday put the brakes on the 24th Corps drive toward Naha, limited gains on the southwestern coast to 2,000 yards, and stopped the 7th Division push on the southeast coast after an advance of only 500 yards.

The 24th Corps units were within 3,000 yards of Machinato air strip and four miles from Naha. The southeast drive reached the vicinity of Nakagusuku after overrunning several trenchments and fortified points.

Marine Third amphibious corps forces continued rapid extension of their northern lines for distances of from three to five miles, then took a brief respite to avoid over-extension of communications and supplies.

Yank forces now control more than 80 square miles, or one sixth of the island, and the operational timetable has had to be completely revised, Maj. Gen. Roy S. Geiger, marine commander, said today.

He envisioned stiffer fighting when army units meet Japanese forces on the southern line before Naha and the airdrome, largest in the Ryukyu chain.

Wherever the Japanese choose to stand they can be hit with the greatest American artillery force ever employed in a Pacific operation.

Today's communiqué from Fleet Adm. Chester W. Nimitz reported "concentrations" of Japanese troops and vehicles in the southern end of Okinawa, the strategic island only 325 miles south of Japan's homeland, had been shelled by warships and bombers by carrier planes.

This was the first official report of observation of Japanese troops in any strength since the campaign began Easter morning.

Police identified those killed as: First Lieut. Frank Lonsdorf, Jr., Army Air Forces, South Scranton, Pa.; William O'Connell, Merchant Marine, Scranton.

Sgt. August Rossi, Scranton. A young woman named Jane Fontaine, Dunmore.

All of the dead servicemen were in their early twenties.

Police said the dead were riding in Lieutenant Lonsdorf's car and he was driving toward this city. The bus was headed in the opposite direction.

Nearly a dozen passengers on the bus were hurt and taken to the Scranton State Hospital by passing motorists and police cars.

John Humphrey, New York City, operator of the bus, suffered back injuries and was taken to a hospital here.

The collision occurred on the Scranton-Pocono highway and was of such a terrific nature that all traffic was tied up. Police and ambulance arrived at the scene (Turn to Page Eleven)

The commission bills would fix minimum salaries for elementary teachers at \$1,400 annually and provide new permanent scales for other instructors and administrators, while the Hare-Lee bill proposed a statewide minimum salary level of \$1,600 for all teachers with a college education.

Harrisburg, April 5—(P)—The house education committee today promised early approval of legislation boosting teacher salary scales permanently and increasing state aid for education after listening to conflicting views at a public hearing.

"Bills taking a step forward will be reported to the legislature," declared Chairman D. Raymond Solenberger (R-Blair), but he declined to forecast what specific recommendations would be sanctioned.

Lewis Tosses 30 Demands In Laps of Hard Coal Operators

Washington, April 5—(P)—Solid Fuels Administrator Ickes said today he hoped to receive an order for government seizure of soft coal mines today. Terming the coal situation "worse than unfortunate," Ickes said at his news conference that 13 blast furnaces of the United States Steel Corporation have shut down and that 20 more will be down by tomorrow noon. "We are headed toward a serious interruption in the production of steel," he said.

Washington, April 5—(P)—John L. Lewis, undeterred by his deadlock with bituminous coal producers, left the same contract demands with anthracite operators today, plus some new post-war objectives. They include a flat 25 per cent wage increase for the hard coal miners.

In all, the mine leader tossed 30 demands at the anthracite producers at the opening of negotiations in New York yesterday. He made 18 demands on the bituminous operators.

The New York sessions were recessed until Tuesday to permit the operators to study the demands. One was for a 10-cent-a-ton royalty for medical and "economic protection," a request that would add about \$5,500,000 to the \$60,000,000 the United Mine Workers would receive from a soft coal royalty.

While absenteeism in soft coal mines declined yesterday, it still was widespread as Lewis returned to Washington to pick up the fast-deteriorating negotiations with bituminous operators.

Few would predict that it still was possible to reach agreement on any of the soft coal demands, and many felt that today would be vital in that respect.

Failure to agree on contract negotiations would send the entire case to the War Labor Board for discussion on all of Lewis demands. Some operators thought this stage would be reached today, or at the latest by Saturday morning.

The chances are considerable that before the month is out the anthracite negotiations also will be abandoned and the War Labor Board asked to decide that case too. A strike vote among 62,000 anthracite workers is scheduled under the Smith-Connally War Labor disputes act for April 25, at Lewis's request.

Soft coal workers voted overwhelmingly March 28 to strike for their demands if necessary.

Washington, April 5—(P)—Ten over age Great Lakes steamers are coming out of retirement again to move ore, coal and grain, the War Shipping Administration has announced.

The ODT asked that the 10 vessels be operated this season, and said it might ask for the services of some of the other 26 over age ships available for Great Lakes operation.

The over age vessels have been traded in for newer ones, and eventually will wind up on the scrap heap.

SOVIETS POUR OVER DANUBE INTO CAPITAL

Great Tank Battles Being Fought In Suburbs of City of 1,900,000 Moscow Says

AIRFIELDS CAPTURED

By RICHARD KASISCHKE

London, April 5—(P)—The Russians have fought into "greater Vienna," the Germans reported today, and Moscow dispatches said Russian forces were pouring over the Danube between captured Bratislava and the Austrian capital to join in the assault.

The Russians were battling to encircle the capital of Austria, which Hitler incorporated into Germany in 1938. While some forces fought to draw lines to the northeast of the capital, others battled to cross the maze of rivers and railways and attack from the southwest.

Already, Moscow dispatches said, they had captured two secondary airfields, one a few miles east of Baden, and the Schwechat field just south of Vienna, while a third, Zwoelfaxing field, just southeast of the city, was under fire.

Great tank battles were being fought in the suburbs of the city of 1,900,000, Moscow said.

Although one Moscow newspaper said high Nazis were evacuating the city, most Soviet advices indicated that the Germans were determined to fight in Vienna as they fought in Budapest.

King Tiger tanks and numerous types of self-propelled weapons were being rushed into the battle against the Russians, Moscow reported.

School Story Hours Rapidly Being Filled

No more reservations can be taken for the 2 o'clock Pre-School Story and Picture Book period in the public library tomorrow afternoon, because the quota has been filled. But there are still some openings in the 2:30 period.

Parents are urged to get reservations in for the children today if possible, although they may be made until tomorrow noon. Reservations are very simple, made merely by calling in the child's name.

It is necessary to limit the number for the small children. To be successful the Pre-school period must be kept intimate, with attention given to the individual child.

If the response fulfills the library's expectations, Mrs. Betty Archibald will continue the plan at least once a month. The children will also have an opportunity to get acquainted with the unusually fine collection of picture and easy story books the library has.

There will be special displays tomorrow afternoon and also reading lists which have been compiled for the pre-school child. Parents are encouraged to examine the fine Parents' collection, which the library has been building up the past few years.

Blue Cross Plan Given Hearing At Harrisburg

Members of Warren Clubs and similar organizations who have been made familiar with the proposed Blue Cross plan to insure for medical service as well as hospitalization will be interested in the report of the public hearing held yesterday by the Senate Public Health Committee. Dr. Gail Riddlesperger has spoken on the plan before many Warren organizations and he appeared at the hearing held yesterday.

"It is the most progressive step toward adequate and full care of hospitalization and medical service," Dr. Donald Smeizer, Germantown hospital director and president of the American hospital association, declared at the hearing before the senate public health committee last night.

Dr. C. L. Palmer, Pittsburgh, chairman of the state medical society's legislative committee, asserted in opposition that passage of the bills would create a monopoly on medical service throughout the United States.

Russians, meanwhile, entered Vienna, after toppling Wiener-Neustadt, 23 miles below the Austrian capital. On the northern anchor of Western Front, Montgomery's armies pressed toward the Dutch seacoast.

Quotas Announced For The Seventh War Loan Campaign

The 7th War Loan quota for individual bond buyers in Warren county is \$1,800,000. Of this, the quota for "E" Bonds is \$1,170,000, William E. Yeager, Warren county chairman, announced today.

"Emphasis on individual sales will be maintained throughout the entire campaign, April 9th through July 7th," Mr. Yeager said. "An intensive drive for extra purchases in the Payroll Savings Division begins on the first day of the campaign and it is expected that our share of the quota will be almost achieved by cash purchases or pledges of extra deductions by May 14, when the intensified community drive will begin."

"Just as each soldier is expected to do more than his share, we must do more than our share to maintain the home front against inflation. I know that the citizens of Warren county, whose sons have brought honor to our county, will respond even more liberally than before."

"Victory on the European front seems very near at this time, but the thinking citizens of our community will realize that we still have a long, hard row to go before final victory is achieved. The Warren County War Finance Committee calls upon every member of this county to buy more War Bonds and give their neighbors the opportunity to do likewise."

The state quota for individuals is \$806,000,000, of which \$288,000,000 in "E" Bonds must be sold.

Celebration Committee To Meet Friday

All members of the Warren V-E Day committee are reminded of the meeting to be held tomorrow evening at eight o'clock on the third floor of the Moose building and it is urged that here be a large attendance.

At that time the plans as outlined last summer upon the invasion of France will be reviewed and checked with the various committee chairmen.

It will be recalled that the arrangements included the opening of all churches one hour after the official announcement is received in Warren, for prayer and meditation, and a community meeting in the First Methodist church at 7:30 o'clock on the evening of V-E Day with Dr. Harold Warren, of the First Presbyterian church as speaker.

Other arrangements included the assembling of all bands available three hours after the news is received, and hanging of an effigy of Hitler from a scaffold near the Warren Bank and Trust Co. building, street dancing and other organized forms of thanksgiving and joy-making.

Three Donors Give Blood Tenth Time

Three tenth donors appeared at the municipal building for the visit of the Buffalo unit of the American Red Cross Blood Bank Wednesday. They included Eldo DeLong, of the Struthers-Wells; Harry Drivas, Texas Lunch; and Bertha Lashaw, Metzger-Wright.

A total of 178 donors appeared and of these 19 were rejected with the result that 159 pints of blood were taken. The twenty who failed to appear and the 19 who were rejected kept the committee from reaching the usual maximum donation to the bank.

There was one ninth donor, James E. McCool, of the United Refinery. Moose Elect New Officers At Meeting

Warren Lodge Loyal Order of Moose held their annual election of officers at a meeting held in the Moose building Wednesday evening. There was a large attendance of the members of the order in attendance and the meeting was a most interesting one. Gov. Sheridan Moore presided and Deputy Supreme Governor Frank Perotti, of Kane was also in attendance.

A. J. MacDonald was chosen as Governor of the Lodge for the coming year; George Reislund, Junior Governor; Ward Bauer, prelate; S. E. Kuhre, treasurer and Milton D. Wheeler, trustee.

Following the election Deputy Supreme Governor Perotti gave a fine address outlining the work of the Order in caring for orphaned children and the aged members of the order. He pointed to the fact that with thousands of members of the Moose in the armed services the demands upon Mooseheart will be greater during the years to come and that the "Build Tomorrow" program of the Moose is designed to provide the needed funds for enlargement of facilities.

Guest Sandstrom, chairman of the local lodge's membership drive also spoke briefly and it was given out that the class to be initiated in May will be dedicated to Sec. Walter Kiser, of the Warren Lodge who has been a tireless worker in affairs of the local lodge. It is expected that a class of at least 200 will be added to the lodge which is the largest fraternal society in the city at the present time.

Following the meeting a seafood lunch was served which was very delightful.

Heavy Rain Causes River To Rise Fast

One of the heaviest rains that has fallen over the county in many months was experienced yesterday evening and for a time the rain descended in torrents. The official U. S. Observer reports that during the past 24 hours one and six-tenths inches of water came down. This is a heavy rainfall.

The effect was seen on the streams of the county and many of the smaller runs leaped out of their banks and covered low lands in their vicinity. The Conewago Creek and Allegheny river rose rapidly and the river mounted from 7.9 feet registered yesterday morning to 10.3 feet this morning. The river was still rising at noon today.

During the night the mercury dropped rapidly and the weather report for tomorrow promises frosts and cold windy weather.

FIELD ARMY OF 300,000 WAGE FIGHT ON CANCER

American Cancer Society volunteers make bandages for needy cancer victims. Large quantities of supplies are needed by advanced patients. Society seeks \$5,000,000 and additional volunteers to fight dread disease.

By ALINE BENJAMIN
NEA Staff Correspondent

New York, April 5—Since Pearl Harbor cancer has taken three times as many American lives as war has claimed on the battle fronts. Cancer cases are on the increase despite improved medical treatment.

Cancer is responsible for more women's deaths between the ages of 35 and 55 than any other disease and is second to heart disease in the death toll of men. One out of every four women over 35 and one out of every six men over 40 will die of cancer this year. Yet 30 to 50 per cent of cancer deaths are needless says the American Cancer Society.

Doctors and hospitals to fight the disease are inadequate in number and resources. National fund-raising to combat infantile paralysis netted approximately \$6,000,000 in 1943, and tuberculosis more than \$9,000,000. In the same year the cancer drive collected approximately \$600,000. Yet cancer kills almost three times as many as polio and tuberculosis. (Per 1000 population, cancer kills 120.3; polio, 0.6; and tuberculosis 44.5).

The tragedy of the battle against cancer involves a familiar logistic phrase: "Too little, too late." Although the medical campaign is still in its early stages, information about fighting cancer has outstripped medical resources and public awareness of the progress that has been made.

"Every cancer passes through a stage when it is curable—either by surgical removal or radiation," says D. Ludwig Hektoen, world-famous president of the Board of Trustees of the Chicago Tumor Institute. With sufficient funds to set up facilities and to disseminate information, 90,000 lives could be saved each year by radium, x-ray or surgery, experts report.

A lag in government aid has been adverse factor in the fight against cancer. Congress passed legislation in 1938 setting aside April as Cancer Control Month. During this period the Field Army of the American Cancer Society—the one great national educational body—conducts an intensive nation-wide campaign, both educational and fund-raising in scope. This year the Society seeks \$5,000,000 to further cancer research and is endeavoring to enlist many more volunteers to carry on its educational and service program.

The National Cancer Act of 1937, sponsored by the society, created by the National Cancer Institute in Bethesda, Md., a Federal project supported by public funds. A National Advisory Council, which has at its disposal between \$100,000 and \$200,000 per year, was also set up. Yet today only 11 states have specific cancer legislation and only 16 make cancer reportable by law.

Forty leading scientists convened at the Roscoe B. Jackson Memorial Laboratory, Bar Harbor, Me., September, to map out a new offensive against the disease. They set up a 14-point plan covering the problems of heredity, environment and diagnosis in cancer. Of paramount importance was a demand that cancer be made legally reportable by the Federal Bureau of Census and state health departments. Funds for a central cancer research agency were requested.

Existing institutions are insufficiently endowed to cope with the killer. Only four cancer prevention clinics are attached to recognized hospitals in the United States—two in New York, one in Chicago and one in Philadelphia. There are only 400 approved care clinics, periodically inspected and approved by the American College of Surgeons.

An estimated 480,000 persons are suffering from cancer today.

Hat-Cha

Donald Saunders poses proudly wearing one of New York Mayor LaGuardia's famous broad-brimmed hats, which Hizzoner sent up to the Air Transport Command's Goose Bay, Labrador base, where Donald is a worker. Topper was later auctioned off for benefit of the Red Cross.

But late cancer is like a conflagration that has gotten out of control. Just as sparks from a big blaze may light elsewhere and start another fire, so do bits of a rapidly growing cancer leave the main mass and settle in other parts of the body to start secondary cancerous growths.

"If the public could be educated to recognize first symptoms and trained to go for an examination twice a year, many cases could be caught in the early stages and cured," says Mrs. Harold Milligan, National Commander of the Field Army of the American Cancer Society.

The Field Army of some 300,000 women volunteers who work with medical men has done much to educate the public to recognize the danger signals of early cancer. Besides this educational work, they help to provide transportation to clinics, and they prepare and supply bandages and surgical dressings. Usually the quantities of bandages needed by advanced patients are far beyond the average budget.

A recent poll showed that the public is far from familiar with the simplest facts about cancer. A large percentage still believe it is contagious and incurable. Many attribute its causes to such old wives' tales as eating small peas from tin cans, gold teeth, horse bite and just elements in the air.

Actually, what causes cancer is still a mystery. For decades unsuccessful efforts have been made in laboratories to find a germ or germs responsible for cancer. It is known, however, that cancer is an uncontrolled growth of one or more cells or tissues of the body; it is not contagious. Surgery, X-ray and radium are the only treatments which have proved effective.

The utter tragedy of the situation—inadequate facilities, a paucity of funds, public ignorance and government apathy—can be no more strikingly illustrated than to point out that 70 to 80 per cent of all cancer, if caught early, is definitely curable.

In its early stages cancer—like a small fire—is usually confined to a small area and treatments are more likely to be successful.

Elks Appoint Chairman Of Manila Relief Committee

Headed by Thomas J. Wolff, past grand officer of Manila Lodge of Elks, a special committee has been set up in the Philippines capital to bring relief and assistance to recently liberated Elks internees, according to word received today by C. T. Berdine, exalted ruler of Warren, No. 223, from James R. Nicholson, chairman of the Elks War Commission, New York City.

An appropriation of \$100,000.

BARS SOON MUST POST DRINK CEILING PRICES

In preparation for the OPA mandate which will require bars and other places which serve alcoholic beverages to post ceiling prices, the District Ration Board yesterday made the following announcement:

"If you own and operate a drinking and eating establishment offering alcoholic beverages for consumption on the premises, you must, on or before April 16, 1945, have posters displayed separately for the ceiling prices, quantity in ounces and brand served."

"All proprietors or owners have been notified by the local Price and Rationing Board to prepare a list in triplicate showing all alcoholic beverages served and sent to them for approval. If no violations occur, the posters will be displayed for the benefit of the public. This request covered by Restaurant Maximum Price Regulation No. 2."

made available from the fraternal order's war chest, has been set aside for the purpose. The money will be used to purchase medicine, food and clothing, and provide loans for members of Manila Lodge and other Elks who were held prisoners by the Japs until their liberation by American forces recently.

Mr. Wolff, whose appointment has just been announced by the Elks War Commission, is a prominent Manila business man and has substantial mining interests in the Philippines.

He was former chairman of the Central Executive Committee of the American Red Cross, serving under former Commissioner Francisco B. Sayre and the late Manuel Quezon, president of the Philippines.

Prior to Japanese occupation, Manila Lodge of Elks had 489 members. A large number of these men, together with other Elks in the islands at the time of the invasion, were interned.

In addition to the relief work being conducted in the Philippines under Mr. Wolff's direction, an Elks War Relief Committee has been established in San Francisco, to meet and give assistance to Elks returning to this country after their liberation from Jap internment camps.

Stray Leaves From Notebook Of Reporter About Town

'Funny how some things stand out in memory. Hank Mitchell used to be our bosom pal and when his dad, W. A. Mitchell was postmaster, playing postoffice was the real thing. Our post department was in Mitchell's barn on Laurel street and we whittled corks to make stamps for cancelling stamps on letters and we did a thriving business. Of course Uncle Sam never complained of our opposition but we cornered a batch of pins which were our medium of postage . . . Warren young gals evidently like this bird who aids in recruiting for the WACS. The U. S. insignia on the back of his car was literally covered with lipstick but the Sgt. bore no marks. . . Maybe he knows how to wipe off lipstick, with the back of his hand, who knows? . . .

Along with the robins, starlings and crows and other signs of spring Henry Gettman blew into the office yesterday afternoon. Henry has been at Celoron Park for years and darned if he doesn't look like he stood the winter in good shape. He was on his way home from Bradford where he had been spreading propaganda about the coming season at Celoron. You know Henry doesn't have as many

adjectives as the late Dexter Fellows but he can get it across that the Celoron corner of Chautauqua Lake is the greatest amusement spot on earth. He says the new management has installed a batch of new lighting fixtures which turns night into day, has added two new riding devices and a new Fun House all over mirrors so any gal is content to be lost in there for hours. He had little to say about the big blow over the lake the other day except to claim that a 52 inch musky weighing 37½ pounds was blown onto a transformer in the park and emerged as one of the best baked fish ever tasted around the lake. Henry was always truthful.

We don't quite get this one but authorities claim that if you are out in the rain and walk rapidly you don't get as wet as if you run. . . We Warren folks who lug our garbage out to the curb every time the garbage man is due are evidently harder folk than those at Jamestown. The garbage man up there tried to put that idea across and the Jamestown paper headlines the story on the offer "Lug Your Garbage Idea Rejected" . . .

House Bill No. 628 introduced in this session of the Pennsylvania Legislature provides "for the issuance of free licenses to dogs honorably discharged from the Army, for as long as the dog shall live." This seems like a worthy piece of legislation, but we are intrigued by the term "honorably discharged." What would a dog have to do to get a "dishonorable discharge?" Maybe a K-9 might go to sleep when he should be on guard and, instead of watching for Japs, dreams of a good old soupbone back in U. S. A. Or maybe he gets involved with some dachshund fraulein that he thought was just a little peasant dog, but which turned out to be a canine Mat-Hara. Or perhaps spring weather got the best of him, and he got tired of working and trotted "over the hill."

SHERIFF'S SALE

NO SHORTAGE OF PROTEINS
Let Milk Serve What You Need

Mothers, no doubt, worry more over the lack of beef in their children's diet because of the protein value they're missing rather than the taste. But your worries are unnecessary. For milk contains as much protein as steak, in addition to other vital body building materials. And what's more, children love it—in fact, every one loves our creamy, rich, delicious tasting milk. Be sure to serve it daily.

Eastern Stars To Have 38th Birthday Event On May Day

Members of Eastern Star, are looking forward to their next regular meeting, which will be a birthday party celebrating the 38th anniversary of the chapter on May Day.

Newly installed officers were in charge for the first time at the April meeting, which was followed by a very enjoyable program. Mrs. H. B. Bowersox, program chairman, presented Miss Gladys Young, vocalist, in two numbers suited to the Easter season: "There Is a Green Hill Far Away" by Alfred Wooller and "Hosanna" by Granier.

Guest speaker was Mrs. J. Herbert Cruikshank, wife of the North Warren Presbyterian minister, whose topic was "The Faith of Easter". Going back to the first Easter, she related intervening history and touched upon the manner in which Easter is celebrated in various foreign countries.

Joyce Hanson and Mary Hildum were co-chairmen for the social hour which followed, providing an attractive table setting with the use of a lighted cross and Easter lilies and asking Irma Eha and Beulah Krebs, past matrons to preside. Spring flowers, including lilies, daffodils and pussy willows were used in pleasing decorations of the entire room.

"Ye Olde Opery" Being Planned For YW Membership

"Ye Olde Opery" is the evening program planned for YWCA members and friends on Friday evening, April 20, it is announced following a meeting of the committee on arrangements.

Members of Mrs. W. F. Bennett's education and recreation committee met again this week to further plans for the monthly event for the membership.

The program will begin at eight o'clock and will feature various presentations in keeping with the theme of an old fashioned party. Many of the participants will appear in costume and the evening promises to be an enjoyable one.

Individual responsibilities for the April 20th event are: Program, Mrs. Grace Aberg; Mrs. Alice Yeager and Mrs. Vera Wood; decorations, Mrs. Orpha Pettit, Mrs. Evelyn Smith, Miss Sunny Lucia; refreshments, Mrs. Robert Alexander and Mrs. Irene Briggs.

Tickets will go on sale the latter part of this week and there will be both adult and student rates. Proceeds of the event will go to the Program Fund.

Catholic Women Are Planning For Initiation - Dinner

Catholic Daughters of Court Warren, No. 834, held their regular meeting in the K of C. club-rooms Wednesday evening and made plans for their initiation ceremonial to be held at St. Joseph's church on Sunday, April 15.

Members were asked to make their reservations for the initiation dinner no later than Thursday, April 12, by contacting Elaine Cooney, Helen Mangus or Agnes Monroe.

There was also some discussion of the annual communion breakfast, the date of which is set for May 6. Details of these plans will be announced later.

Following last night's meeting, games were enjoyed and refreshments were served by a committee headed by Elaine Pearson and Angeline Cerra.

LUDLOW

Ludlow, April 2—"Good Friday" service was held on Friday evening in Moriah Lutheran with the solemn service in use. The Rev. Hans Pearson delivered a sermon elaborated on the theme, "They Crucified Him". The choir sang an anthem, "The Wondrous Cross."

Easter service was held at eleven o'clock in Moriah Lutheran at which Reverend Pearson gave an inspirational sermon on "Tidings of Easter" to a capacity audience. "Hosanna" by Grainer was sung by the choir.

You are reminded of the cantata, "Morn of Victory", which will be given at Moriah church next Sunday afternoon at four-thirty o'clock by the church choir directed by Mrs. Emil Nelson. Among the soloists were, Miss Elizabeth Hess soprano, school music supervisor, John Gaynor, tenor, Mrs. L. B. Connelly, mezzo-soprano, and several duets by groups. The group will be accompanied by Mrs. E. O. Nelson. New members of the choir in the last two months are Miss Joyce Wallin, Mrs. Algot Swanson, Thomas Nelson, Keith Gilfert and Robert Johnson. Everyone is welcome.

Easter service was held in the Covenant Mission on Sunday evening with the Reverend Gilbert Hyline of Kane conducting the service.

Hamilton Township schools were closed from Thursday until Tuesday for the Easter vacation. The following teachers spent the vacation at their various homes: Miss Barbara Lewellyn at Eldred, Misses Mary Matthews and Catherine Bellucci in Erie, Misses Macie Johnson and Thelma Pelper in Corry, Miss Elizabeth Hess in State College, Mr. and Mrs. Lyell B. Car and family.

Rehearsals are scheduled to begin next week for the Senior play, "Sister Susie Swings In" with Miss Macie Johnson as coach. The Nation-Wide Clothing drive will begin in Ludlow next week. More detailed information will be given to each home before the collection is made. Hats are not to be collected and shoes must be of matching size and in good repair. The need is urgent for warm and whole clothing in war-torn areas. If we all share a little, there will be fewer frozen and sick throughout the world next winter. E. O. Nelson heads the Ludlow committee composed of the following: Homer Gilfert, E. W. Johnson, M. I. Jones, Ernest Carlson, Clyde

Gilfert, Bertel Carlson, Evert Johnson and Lyell B. Carr. The Ludlow Study Group was entertained on Tuesday afternoon, March 27th, at the home of Mrs. E. W. Johnson with most of the members present. The meeting was conducted by the president, Mrs. Melvin McCleary. An interesting paper concerning one of the first gas-wells drilled in this section near Sheffield was prepared and read by Mrs. Stanley Carlson. Refreshments were served by the hostess at the close of the meeting.

Mr. Andrew Baier, an employee of the Pennsylvania Gas Company for twenty years in the Ludlow office, has received a promotion to the Warren office which position he assumed on April second. He is being congratulated by all who know him.

Mrs. Charles Hoover entertained on Thursday evening at a birthday bridge-party. She had twelve guests. Prizes were awarded Mrs. Walter Cox, Mrs. L. B. Connelly and Mrs. Julius Swanson. Delicious refreshments were served

late in the evening. An out-of-town guest was her daughter, Mrs. William Hoff of Buffalo. Sgt. Okey Swanson arrived (Turn to Page Seven)

WAKE UP YOUR DIGESTION BELOW THE BELT

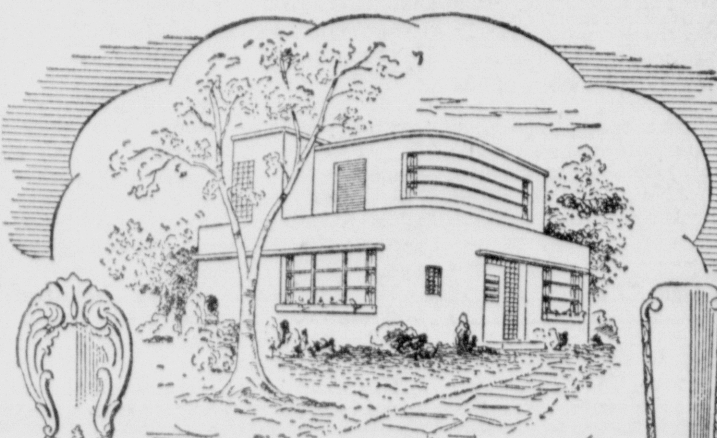

Without Stomach Relievers

To Get Happy Relief from Gassy, Bloating, Tight-around-the-Waist Misery You May Need This Kind of Laxative

When most food leaves the stomach, it is by no means fully digested. It is in the 23 feet, or more, of intestines, that the greater part of digestion is done. Among the vital digestive juices that work in the intestines, the liver bile is one of the most important—especially vital to the digestion of fats. Unless the liver bile flows sufficiently, digestion of fats slows down. Food decays in bowels. You may get constipated and feel full of gassy, bloated, indigestion misery. That's when you need Bechams Pile. They help get the bile juice flowing freely, which helps you digest and eliminate in Nature's happy way. Ask your druggist for gentle, all-vegetable Bechams Pile today. Caution: Use only as directed, 25¢.

Youngsville Youth Group Wants Local Floor Show Talent

The Committee on Community Recreation has been invited by another out of town group to present one of its floor shows for a youth party, this invitation coming from Youngsville. That community had excellent response to its first party and has planned another for April 28.

At the community parties in Beatty school, an effort has been made to discover and develop talent among the Warren young people, giving them an opportunity to appear before a large group. Anyone in the teens and not over twenty-one is eligible for auditions for either the floor show or the auditorium performances. Both popular and semi-classical numbers are used.

Tomorrow at three o'clock there will be a rehearsal for the auditorium show being prepared for the Saturday night party. Ronnie Schwartz and Donnie Wood will share the master of ceremonies honors in the auditorium. The bill of acts will be announced in tomorrow's Times-Mirror, along with those for the floor show.

Acts for the floor show have been rehearsed separately, but the final rehearsal will be held on Saturday afternoon at three o'clock. Gloria Hausman, mistress of ceremonies, will preside at the ten o'clock show, in the evening.

Young people, as usual, are responding well in accepting responsibilities on committees. To care for several hundred young people requires careful planning and efficient organization. Committees included in the plan are information, checkrooms, reservations, game rooms, auditorium show, floor show, refreshments, setup, cleanup, lights, music listening room, dance instruction, and dance committee.

The committees are changed for each party to give as large a number of young people as possible experience and a share in handling the program. The central party committee is comprised of young people, assisted by the adult supervisor, Mrs. Olive A. Huff, chairman of the Community Recreation Committee, the president of the sponsoring group, the P.T.A. Council, Mrs. Walter Mathyer, and the building supervisor, H. Lee Griffin. Robert O. Wilder is chairman of the party committee. There are also additional adult guests who assist at each party and about 150 young people who help at a community party.

ARBUTUS AUXILIARY
There was a fine attendance for the annual thanksgiving meeting of the First Presbyterian Arbutus Auxiliary and a collection of \$229.75. Mrs. J. H. Cruickshank, of North Warren, was presented as guest speaker, giving a particularly interesting account of the work she and her husband did last summer in their tour of army camps in the Carolinas.

She stated the Presbyterian denomination is the only one which provides funds for sending civilian pastors to those camps having no regular chaplains, each church sending a pastor paying his salary and the denomination paying expenses from its War Service Fund. She spoke especially of the work done by USO centers for young wives of service men congregated near the camp areas and described in detail the church property and recreational setup in Columbus, S. C.

Sgt. Rowland Earns Second Bronze Star

Sgt. Charles S. Rowland, son of Mrs. Marguerite G. Rowland, 818 1/2 Pennsylvania avenue, east, has been awarded an Oak Leaf Cluster to the Bronze Medal previously given, the new decoration recognizing heroic achievement in action on the Fifth Army front in northern Italy.

Sgt. Rowland is a member of Company C, 337th "Wolverine" Regiment of the 85th "Custer" Division.

News of the decoration comes in a special dispatch from the Fifth Army front, which relates that when three of his comrades were seriously wounded during an enemy mortar barrage, Sgt. Rowland made his way through the barrage and small arms fire to the wounded men. Then, with the aid of other volunteers who were inspired by his courage, he evacuated the casualties to the rear of a nearby building, where they received prompt medical attention.

Cpl. Pearson Included in Unit Citation

In addition to receiving a telephone call from their son, Cpl. Stanley L. The copy reads:

"For outstanding performance in combat during the seizure of the Japanese held islands of Saipan and Tinian in the Marianas from June 15 to August 1, 1944. Valiantly storming the mighty forti-

Is Revivalist

The First United Brethren church will begin a series of revival meetings Monday, April 9, and continue through the 22nd. Rev. C. Norton Warner, of Kidder Memorial church of the United Brethren in Christ in Jamestown, N. Y., will be the evangelist. Rev. Warner speaks forth the gospel in all its fullness and, once he has been heard, all will want to hear him again. Services will be held each evening, except Saturday, at 7:30 o'clock, with good music, singing of old gospel hymns and choruses. All are cordially invited by the congregation and Pastor R. H. Eggleston to reserve this period for attendance at the meetings.

fications of Saipan on June 15, the Fourth Marine Division, reinforced, blasted the stubborn defenses of the enemy in an undeviating advance over the perilously rugged terrain. Unflinching despite heavy casualties, this gallant group pursued the Japanese relentlessly across the entire length of the island, pressing on against bitter opposition for twenty-five days to crush all resistance in their zone of action. With but a brief rest period in which to reorganize and re-equip, the Division hurled its full fighting power against the dangerously narrow beaches of Tinian on July 24 and rapidly expanded the beachheads for the continued landing of troops, supplies and artillery. Unchecked by either natural obstacles or hostile fire, these indomitable men spearheaded a merciless attack which swept Japanese forces before it and ravaged all opposition within eight days to add Tinian to our record of conquests in these strategically vital islands."

MEET IN PARIS

Word has been received from Cpl. Robert M. Doolittle, in service two years, and Lt. Dora L. Doolittle, serving just half that time, that they had a happy meeting in Paris on March 15 and enjoyed a three-day leave together.

A special dispatch from a Pacific port reports that Glenn V. Fitzgerald, signalman third class, of Warren, is waiting aboard his patrol craft there for orders to shove off for further operations. A graduate of Warren High School, he received his boot instruction at the naval training center at Sampson, N. Y., and then went to the training school at Bainbridge, Md., to learn signaling. His brother, Gerald, is with American army forces in Europe.

NICE APPOINTMENT

Ensign Patricia Cunningham, of the Philadelphia Naval Hospital, is spending a three-day leave with her parents, Mr. and Mrs. George Cunningham, North Warren, before reporting on Saturday for a new assignment at Annapolis.

Mr. and Mrs. John Ulyon, of Sheffield, have received word that their son, Louis, has been promoted to chief motor machinist's mate. He has been stationed in Newfoundland for the past 23 months. Two brothers in the service are Pvt. Frank, somewhere in Germany, and Mirasli, seaman second class, stationed at Edenton, C. C., and now spending a 12-day leave at home with his family.

Mrs. Bettie Wright, Clarendon, has received word that her husband, Pfc. Robert J. Wright, has arrived safely in Germany.

Pvt. George Weigle, son of Mr. and Mrs. Ray Weigle, 101 East street, who has finished basic training at Camp Wheeler, Ga., has reported to Fort George G. Meade, Md., for further assignment after a ten-day furlough at home.

Mr. and Mrs. W. J. Adams, 229 Pennsylvania avenue, west, have received word of the safe arrival of their son, William, in France. Before leaving Fort Benning, Georgia, he was awarded the infantry good conduct medal.

Mrs. Marjorie Kibbey and Mr. and Mrs. O. A. Kibbey, of Pittsburgh, received an Easter telegram from their husband and son, Len Kibbey, from somewhere in the Pacific. He said that he was well and safe and that he has recently

TIDIOUTE

Tidioute, April 3—The April missionary meeting of the Presbyterian church was held Tuesday afternoon at the home of Mrs. A. V. Clinger. The meeting was opened by the president, Mrs. Prout. Miss Laura Smutz led the devotions. The leader was Mrs. F. M. Buckingham who gave a very fine book review "Who Walk Alone," followed by a business meeting and election of officers. A dainty lunch was served by the committee.

A congregational dinner will be held in the Presbyterian church parlors April 10th. The annual meeting will follow the dinner. Flight Officer Albert Watson of Washington, D. C., spent a week

visiting his parents, Mr. and Mrs. C. G. Watson.

Mrs. Alta Kendrick of Oil City spent last week visiting Mrs. R. R. Weller.

SHEFFIELD NEWS

Sheffield, April 3—Considerable progress is being made by the committee headed by L. E. Jones, for the clothing collection drive for overseas relief. This needed clothing is available. Hundreds of millions of pounds of it now repose, forgotten in the attics and other storage places in American homes. The style if unused and forgotten clothing may be out-dated but it does not concern those who are in dire need of garments of any type to clothe and comfort their war-embattled bodies.

Anything, everything usable in the form of men's, women's, boys' and infants' wear and bedding will come as a gift from heaven to these millions of stricken people.

An important detail in connection with the drive is the selection of receiving depots which will be the Lincoln and Washington schools.

ROTARY

At its meeting Tuesday the Sheffield Rotary heard a most excellent talk by Doctor Leonard Rosenzweig of Warren State Hospital, on the topic "Tolerance."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 2 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatism, pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Youngsville Council Will Repair Bridge

Youngsville, April 4—All Council members were present Monday evening at the regular meeting of the Youngsville Council. Local traffic considerations occupied most of the evening. The bridge on Highland Avenue is to be repaired. Parking space signs are to be repainted on Youngsville streets in the near future.

No parking signs are to be erected on the East side of Church street. Several other matters came up for brief discussion but no action was taken.

ESSAY CONTEST

Essay and Poster Contests now in progress in Youngsville Schools. Brokenstraw Fish and Game Club with a view of interesting youth in Conservation are sponsoring essay contests open to Youngsville School pupils in the junior and senior high school. This conservation of natural resources is very broad. Subjects about which the pupils may write includes conservation of game, fish, birds, flowers, wild life, streams and forests. In each of the grades from the seventh grade through the 12th grade an essay prize will be awarded to the essay judged to be the best in each grade. Prize winners in individual grades may contest in the grand prizes. There are two grand prizes, one for the best essay in the junior high school, and the other for the best in high school.

The Brokenstraw Valley Garden Club is now sponsoring a poster prize contest which is open to pupils from the 5th through the 9th grade of school. This poster prize contests shows the interest of the Garden Club in making our borough streets clean and neat. The general subject for the poster contest is "Youngsville and Cleanest little town on the map." In this contest there is a prize and honorable mention for each grade. Poster contest closes May 11th.

SUNSHINE CIRCLE

The Sunshine Circle met with Mrs. Roy Freeborough March 27th. The grab bag contained house cleaning articles. Hostess and Sunshine sister also received gifts.

At the business session, it was voted to give one dollar to the Service Club. Flowers beginning with initial letter of first name was used in rol call. Mrs. Flossie Jones was program leader and in the games prizes were awarded to Mesdames Ida Henton, Freeborough and Haupin. A delicious luncheon was served by the hostess.

The April meeting will be held at the home of Mrs. Clara Welsh. There will be a miscellaneous grab bag. Mrs. Lill Freeborough will be the program leader.

LOCALS

The Youngsville school board will meet Monday April 9th.

Mr. and Mrs. John Knapp are the parents of a son, born Wednesday, March 29th and weighing 6½ pounds. The baby has been named Ralph Henry Knapp. Mother and son are doing well.

The Youngsville Woman's Christian Temperance Union are to have as guest speaker at their meeting Friday evening April 20 at 7:30 p. m. in the Methodist church parlors, Mrs. Frank E. Kapp of Tidouste, Warren County WCTU president. Mrs. Kapp will use for her subject, "The Alcohol Problem Today." Members are urged to bring as many guests as they can and anyone interested in this problem will be very welcome.

Some Youngsville gardeners report that they have onions, lettuce radishes and peas growing in their gardens. The heavy snow of a short time past, did not harm these crops for those who had them growing at that time.

Mrs. J. G. Kellerman is visiting in Shreveport, La. She reports that she has a lovely little granddaughter there.

Some pretty Easter flowers came from Mr. and Mrs. Willis Kinnears new green house on East Main street.

Phillies' Boss Predicts Good 1945 Season

By J. HERBERT ALTSCHULL
Wilmington, Del., April 5.—(AP)—Robert M. (Bob) Carpenter may have whiffed one when he predicted in 1944 that his Philadelphia Phillies would be a pennant contender in five years.

Joining the wartime speedup program, the Phils have already entered their bid for that flag this year.

General Manager Herb Pennock says "Naturally I'm not predicting the Phils will finish first, second or third—but we're an improved ball club and we'll be playing to win."

He cited these reasons: "We could easily afford to trade Al Gerheauser to the Pirates for Vince DiMaggio, Kenny Raffensberger, Vern Riffe, Charley Schanz, Kewpie Barrett, Whit Wyatt and the rest make up one of the finest pitching staffs in the league."

"I think DiMaggio is the best outfielder in the league. Sure he strikes out a lot. He's a free swinging hitter. Babe Ruth was the greatest slugger of all time and he was a free swinging hitter. So was Hank Greenberg."

"I'm not comparing DiMaggio with Ruth. But Vince is going to hit a lot of home runs at Shibe Park this season."

"Our young infielders, Granville and Garvin Hammer, Fred Daniels, Bitzy Mott and Ralph Caballero have speed, hustle, ambition and determination. We're looking for Jimmy Fox to play a lot of first base and help settle the boys."

Veteran Gus Mancuso and Andy Seminick, up from Buffalo, probably will do most of the catching. In addition to DiMaggio, Pennock has outfielders Jimmy Waddell, Coaker Triplett, Rene Montague and Rookie Vince Dingus. Buster Adams is a holdout.

The fates of 35-year-old hurler Bill Lee and coaching recruit Al Spindel are "in the hands of the draft boards," Pennock said.

Hershey Bears Confident Of Home Ice Win

Hershey, April 5.—(P)—The Hershey Bears hope to prove better skaters than the Cleveland Barons in the third game tonight of their playoff series for the American Hockey League title and Calder trophy.

"The boys are in fine shape," said Coach Conney Welland as the Bears arrived in Cleveland town from Cleveland where the teams deadlocked at one victory each.

"We are confident of getting the edge on home ice."

The teams play here tonight and Saturday and then return to Ohio for the fifth game.

This is the fourth time Hershey has lined up against Cleveland in extra-session games.
In 1941, the Barons defeated the Bears in the finals after Hershey came within two minutes of taking the title; the following year the Bears eliminated the Barons but lost to Indianapolis; last year the Barons dropped Hershey in the semi-finals but bowed to Buffalo. Cleveland will play three of the league's 10 leading scorers in the third tilt: Tommy Burlington was third in the standing with 90 points; Earl Bartholme, fourth with 81 points, and Les Cunningham, fifth with 80.

Pitted against these high scorers will be a sturdy Hershey defense, headed by Nick Danore, who was picked as goalie on the all-star team recently named by league officials.

N. Y. Boxers Fail To Win At Chicago

Chicago, April 5.—(P)—New York's Golden Gloves, who have been trying for alternate years since 1923 to win a championship in the annual Inter-City Series in Chicago's own ring, have failed again, but it wasn't the fault of the Marines and a trio of Puerto Ricans.

For the fourth time in the 15 years of the inter-city bouts, last night's battling wound up with eight victories for New York and eight for Chicago.
Of New York's eight triumphs, three were scored by three small men from San Juan, Puerto Rico. Three more were marked up by U. S. Marines from the Cherry Point, N. C., air base. Two native New Yorkers won the other two.
Cpl. Adolfo Quijano of the Marine Corps, air base, deadlocked the meet when he defeated Roland La Starza of New York in the championship bout of the 175-pound division. His victory in a slugfest match with the New Yorker climaxed a series of 10 bouts that saw six knockouts and technical knockouts.

Leonard Rumored As Head Coach

Pittsburgh, April 5.—(P)—Pittsburgh sport circles buzzed today with news that James L. (Big Jim) Leonard probably will be promoted to head coach of the Pittsburgh Steelers, the official announcement to come at the National Football League meeting tomorrow at New York.

Leonard was assistant to Coach Walter Kiesling last season. In New York, Bert Bell, co-owner of the Steelers, said he was unable to confirm reports about the coach but that his "best guess" was the job would go to Leonard.

Field & Stream To Hear Garden Talk

The Warren Field & Stream Club meeting which will be held Thursday April 12th in the Social Rooms of the Veterans of Foreign Wars should attract a large group of sportsmen. The Club has arranged to bring Mr. G. J. Stout, gardening expert from Pennsylvania State College to speak to the group and show pictures and the result will be that the boys can raise better gardens with less work—and it naturally follows that this will give them more time for fishing.

The club members are indeed fortunate to secure Mr. Stout for this meeting. He will go into all details of gardening—what varieties to grow, what fertilizers to use, what cover crops to plant, whether to cut out the suckers on tomatoes, whether to stake them or not. So if the boys don't get too excited when they have spaced a few worms to the surface, they should learn much from Mr. Stout which will pay off later in the summer to the benefit of their families and the victory gardening phase of the war effort.

N. F. L. MERGERS SECRET

New York, April 5.—(P)—Any recommendations on National Football League mergers or a 1945 schedule that the executive committee might have made at yesterday's closed session remained secret. President Elmer Layden said no news would be available until the actual league sessions opened tomorrow. Members of the committee attending the session were Jack Mara of New York, Tom Gallery of Brooklyn, Charley Bidwell of Chicago, Cardinals and Curly Lambeau of Green Bay.

BLACK HAWK COACH QUILTS

Regina, Sask., April 5.—(P)—The job of coach of the Chicago Black Hawks was wide open today following the resignation of Paul Thompson who has coached the National Hockey League club since 1928. Thompson, who will continue to supervise the club's scouting system as Pacific Coast representative, said he had received "such an attractive proposition in Vancouver Hockey that I cannot turn it down."

Everybody reads the Times-Mirror.

Hurling Staff Is Big Problem For Brownies

Cape Girardeau, Mo., April 5.—(P)—Finding replacements for starting pitchers Denny Galehouse and Bob Muncrief is Manager Luke Sewell's biggest immediate problem as the St. Louis Browns prepare to defend their first American League title.

The two right-handers who have both indicated they will remain on war jobs, out of baseball, this year, won 22 games during the crucial 1944 pennant campaign.

"It will be some time after the season starts before my pitching staff can be put in order," Sewell said today. "I want to play as many exhibition games as possible to see what my new men have on the ball."

Sewell has three good veterans to form the backbone of a starting staff. Nelson Potter, Jack Kramer and Sig Jakucki. This trio won 49 of the Brown's 59 victories last year. Potter's 19 triumphs was the third best record in the league.

Most likely candidates for the other two starting jobs are Al LeMay, Les Shirley, Earl Jones and Al Hollingsworth.

The veteran Hollingsworth and Rookie Jones are both left-handers. Al won five, lost seven for the Browns last year while Jones won 10, lost six for Toledo. LeMay won 12, lost three for the same club. Shirley won five, lost four for the champions.

Quantity is no problem among mound candidates. The Browns have 12 in camp, all with at least one year of Class Double A experience. To round out his staff Sewell has besides those already mentioned, Right-handers Johnny Miller, George Caster; Portersides Welden West, Sam Zoladak, Clyde Humphrey, Chet Johnson.

NOT WATCHES—SHOES

Philadelphia, April 5.—(P)—Penn relays officials just don't have the time to hunt up gold watches for winners of special events. Because of the scarcity of timepieces, gold track shoes will be awarded in the April 27-28 meet instead of gold watches, traditional for 50 years.

Draft Threatens New York Yanks; Etten Is 1-A, Grimes And Lindell Awaiting Call

By JACK HAND

New York, April 5.—(P)—Uncle Sam continued to shape the 1945 pennant races today as threatened loss of First Baseman Nick Etten, last year's American League home run champion, struck a body blow at the hopes of the New York Yankees.

Etten's reclassification to 1-A by a Chicago draft board was hardly a surprise to Joe McCarthy. The Yank skipper had expected such tidings and planned accordingly but coming on top of similar news on Oscar Grimes and Johnny Lindell's imminent induction it may force considerable shuffling. If Etten and Lindell go the wanted Yankee power of bygone days will be strictly a one-man act by George Stirmweiss, 4-F but also up for re-examination. If Grimes also goes, McCarthy will be up against it for a first sacker.

Emerson Roser's six shutout innings in yesterday's 3-0 victory over the Boston Red Sox must have been some comfort to marse Joe for his title chances lean heavily on the pitching staff. Roser was of little help in 1944 but could win a regular job with that kind of chucking.

Other Training Camp Items: Boston Red Sox—Joe Cronin improved by ground covering ability of Ben Steiner shifted the rookie to shortstop. Skeeter Newsome will go to third and Jack Tobin to second.
Boston Braves—Bob Coleman having trouble finding best outfield trio of many capable performers. Arvita of Elmer Nieman sent Ballhawk Carden Gillenwater to bench.

Philadelphia Athletics—Bobo Newsom nominated self to pitch season's opener for A's against Washington. Told Connie Mack in phone call from his "personal" training camp at Hartsville, N. C.

"I see by the papers where some of the boys ain't been looking so good. Well, I'll be in Baltimore Sunday to work against the Orioles."

Chicago White Sox—Opened exhibition series with 8-0 win over Detroit, rapping Art Houtteman, Les Mueller and Walter Wilson.

Volley Champs Feted at the 'Y'

Eighteen members of the volleyball league of the YMCA Business Men's Class gathered around the festive board last evening at the YMCA to pay due honor to the champions of the volleyball league for 1944, Lewis Raiders.

The members of the two losing teams, the Avengers and the Marauders, served the delicious and bountiful dinner and everybody pitched in and helped to clear away the dishes. A very merry time was had by all.

LT. Tom Lockhart complimented the Raiders upon their success and presented to each member of the team two very handsome individual awards. The very beautiful awards were original creations by a group of the club members.

Ed Johnson, captain of the Avengers, gave a brief history of volleyball at the 'Y'. He related many entertaining items that have occurred in the sport both here and elsewhere in a most interesting manner.

Lou Morlock, captain of the Marauders, complimented the champions upon their ability and drew out a few helpful suggestions as to how the game should be played.

Ray Lewis, captain of the champion Raiders, ably responded to the many compliments showered upon him and his team mates and closed with a sincere expression of their appreciation of the dinner.

Lloyd Strick, Program Secretary, expressed his appreciation of the manner in which the men responded to the organization of the league and voiced a hope that next year an even better league might be organized. He also stated that the Business Men's Class would continue to meet every Monday and Wednesday afternoon from five to six thirty for at least another month and a half.

As an air to working up a wholesome appetite for the occasion, most of the members engaged in a lively three game series of volleyball before the dinner, a plan which proved to be very successful.

The teams and members present at the banquet were: Raiders—Ray Lewis, Paul Harrington, Red Wood, Bill Grangust, Tony Morelli, Harry West; Marauders—Lou Morlock, Royce Black, Brackett Ayres, Arthur Brandenburg, Edward Boyd, Francis Morris, Lloyd Strick; Avengers—Ed Johnson, LT. Tom Lockhart, Arnold Whisen, Chuck Cable, Chuck Koebler.

Snead Blames It On Putter Jitters

Atlanta, April 5.—(P)—Sammy Snead, golf's slammer from Hot Springs, Va., has a bad case of putter jitters, on which he blames his poor showing in the three North Carolina tournaments.

After two days of concentrated putting practice here preparing for the winter tour's finale, the \$10,000 Iron Lung 72-Hole Invitational which starts today, he still isn't satisfied with his greens play.

Looking up from a row of balls he was methodically dunking in a cup six feet away, Snead remarked in his soft mountain drawl:

"If I could do that under pressure, I could have won three or four more tournaments this year. That's where I fell down."

Snead is anxious to tie the new tour record set by Byron Nelson. He took a big lead in winning three straight meets, at Guilford, Pensacola and Jacksonville, making his total six. But Nelson, in second place with four wins, took the last two matches, to go one up.

for 15 hits in game played under wintry conditions. Bill Dietrich, Ed Lopat and Joe Haynes held Tigers to four blows.

St. Louis Browns—Relief Man George Caster arrived to complete roster of expected players. Game with Toledo, postponed by cold, will be played Friday.

St. Louis Cardinals—Johnny Hopp failed to agree to terms with President Sam Breadon. Holdout Harry Brecheen due to confer today. Bill Southworth said Blix Donnelly may be regular starter.

Chicago Cubs—Charlie Grimm concerned about 15 absences as game with Reds rained out. Phil Cavarretta due for weekend series, Claude Passeau in Chicago for elbow treatments.

Pittsburgh Pirates—Pitcher Fritz Ostermuller said he would stay with club until induction date set.

New York Giants—Pitcher Bain again classified 4-F after Newark exam, subject to Washington re-examination. Joe Medwick in New York for back treatment. Harry Feldman named to pitch Red Cross game against Dodgers Wednesday.

Brooklyn Dodgers—Coach Clyde Sukeforth, 42, signed player contract to help catching staff. Mike Sandlock and Les Vebber report.

Philadelphia Phillies—Curtis Bakslammed three hurlers for 10-6 edge. Phils picked up 14 hits, including homer by Andy Seminick.

Washington Senators—Hillis Layne's pinch homer with two on helped Senators shade Norfolk Naval Training Station, 8-7.

Cleveland Indians—First Baseman Mickey Rocco came to terms, due today facing Ed Carnett and Paul O'Dea for outfield chores.

Behind the Lines

Some experts see a connection between the resignation of Jimmy Byrnes as War Mobilizer and the announcement that a new baseball commissioner may be chosen within a couple of weeks.

LT. Bert Shepard, the not-so-disabled war veteran recently signed by Washington, pitched for Blue-Bees, Arizona, his favorite pastime was pocket billiards and he could hold his own with the town's best pool sharks.

Local football fans will remember "Battering Bill" Swanson, Jamestown High quarterback in 1942-3. Swanson gave his life on the German front on March 17.

The Curlew, Iowa, high school girls basketball team, which reached the state final tourney in Des Moines, had to scrape the bottom of the goal powder barrel to make it.

The team composed of two seniors, a junior, a soph, a seventh-grader, and a sixth-grader. The coach was the school custodian—what used to be called the janitor.

Five players of the Montreal Canadiens' hockey team and the coach have been named to the National Hockey League all-star team. Detroit was the only other crew represented on the team.

California Jackie Wilson, highly-rated contender for the world's welterweight boxing title and now an army sergeant stationed at Mitchell Field, will box Johnny Green, Lackawanna speedboy, in the 10-round main event of a Bud and Bobbing Club show in Buffalo's Memorial Auditorium on April 10.

Why do the draft boards insist on waiting until baseball has gotten a good start before they start scraping the ballplayer-pawer barrel? Maybe some wise guy goes'n care to see the sport continue in its fourth wartime season.

The Curlew, Iowa, high school girls basketball team and picture from Eric Ward Collins, stationed at the Pueblo Army Air Base in Pueblo, Colorado. Collins was formerly the Warren county open golf champ.

A new high team score was set at the Elks alleys last night, breaking the 3117 set Monday by the South Side Market. The new record was made by the Soda and Mineral crew, a total of 3136 pins.

The outstanding contributor was Jimmy Madden, rookie Mineralite, who on his last game turned in a 199 score with handicap.

The Penn's Game Commission is offering at cost a set of four books, with the general title "My Land and Your Land." These conservation books are for the children, telling of the restoration and preservation of wildlife.

"Gunner the Blunder well on his way to begin the bust of the year, but love is a wonderful thing!" The "wrong-way" Corrigan was scheduled in Buffalo, instead he was in California, with his sweetheart. Along with that, he failed to live up to expectations.

Did you know why Detroit's two hustling hurlers aren't in the army? Hal Newhouser has a heart murmur, and was advised by doctors not to play, but he won 29 games anyway.

Dizzy Trout's sight is not acceptable and he's deaf as a bat in one ear. Marty Marion, the guide-wife of the St. Louis Cards, has been given one of the finest honors any shortstop could be given, that of equalling Honus Wagner, Baseballers and scribes have picked Marion as an equal, if not better, to Wagner.

The Valley Forge General Hospital nine yesterday defeated Villanova 6-4 in the opening game of the season.

BIGGEST WARTIME MEET

New York, April 5.—(P)—The National A. A. U. men's senior indoor swimming championships to be decided here Friday and Saturday has drawn its largest wartime entry, but one of the stars who had been expected to compete has been found ineligible.

Charles Batterman of Washington, who last season won the high and low board diving titles, must pass up the approaching competition because he is a physical education teacher at Bladensburg, Md., High School. This said A. A. U. secretary-treasurer Dan Ferris yesterday makes Batterman a professional.

Goldstein Is Not Candidate For Reelection

District Attorney Joseph A. Goldstein will not be a candidate for re-election at the coming election and will not have his name on the primary ballot. Mr. Goldstein stated last evening that he feels that his private law practice has suffered through the fact that he has given so much attention to the county affairs and that he desires to attend to it alone.

"In making the announcement that I am not a candidate for re-election allow me to say that I greatly appreciate all of the aid given me by other attorneys at the bar and the public in general. I have endeavored to act at all times in the best interests of the county and have endeavored to give efficient service in the District Attorney's office. In this connection I desire to thank all who have so given me aid and support in the work."

Myer Kornreich, well known Warren attorney, is engaged in circulating a petition for the office and will be an active candidate for the post of District Attorney. Mr. Kornreich has been a practicing attorney in this county for several years and in preparation of his papers for consideration of the court has been meticulous. A graduate of the University of Pittsburgh and of the Dickinson Law School, Mr. Kornreich is ably prepared for the practice of law and undoubtedly will make an efficient and courteous official.

Always a Republican in politics he has been active in affairs of the party and will ask the support of the Republican voters at the June 19th, primaries in his behalf.

The Pentagon, Arlington, Va., is the largest office structure in the world from an area standpoint. Today about 32,000 members, a number equivalent to a working personnel in a city of 100,000 persons, of the military and civilian personnel of the War Department work in this building.

Further Scarcities of Some Textiles May Be Expected

Cleveland, April 5.—(P)—Civilians may expect further scarcities of certain textiles, especially cotton knit goods, in the next three months, the Federal Bank of Cleveland said today in its monthly business review.

Shoes, men's suits and other items of wearing apparel are also destined for the "scarce list," the report said, adding:

"Behind all these restrictions in supplies lies manpower and raw material shortages which have reached the acute stage."

The review which covers activities in the Fourth Federal Reserve district, including western Pennsylvania, said the homefront squeeze is not the result of a "scarcity of goods in total, but rather the result of a deficiency in certain types of goods."

The report commented:

"It is highly doubtful that the available labor force could produce a sufficient volume of essential civilian goods—even if materials

Many Warren County 4-H Club girls will be interested in two new projects which have been added for this year. For those interested in clothing work "Perking Up the Wardrobe" has been planned. This project is planned for all girls who have had one year of clothing and includes the following topics: Beauty care for your clothes; first aid to needy garments. With the difficulty this year of securing new materials, leaders and club members will welcome this change as it will enable the into work with the clothing they now have without the purchase of much new material. Included in the work will be the making of accessories which is always of interest to girls.

Another project "It's Fun to Cook" has been designed for first year foods club members and includes the preparation of simple lunches and suppers.

Any girls interested in joining or forming a 4-H club should contact the local leader in their community or Mrs. Prendergast at the court house in Warren. Clubs will be organized next month but plans are now being made for the summer's work.

Two Warren County 4-H clubs are holding their roundups this month. The Croydon clothing club held their final meeting at the home of their leader, Mrs. Crooks, on Thursday, April 5. Mrs. Howard Magee of Stoneham assisted with the judging.

The Russell 4-H Club will hold its roundup on Tuesday evening, April 10. A program will be presented by the members to their parents and friends.

Heart, artery and kidney diseases kill more people than any other known ailments, but because of their action they are considered to be the most merciful. Cancer, while not killing as many, is the most dreaded of all diseases.
